

**STEVEN A. SAFREN, Ph.D., ABPP**

**UNIVERSITY OF MIAMI**

**Curriculum Vitae**

1. **Date:** December 2024

**PERSONAL**

2. **Name:** Steven A. Safren, Ph.D.

3. **Home Phone (mobile):** N/A

4. **Office Phone and email address:** 305-243-3471, 305-284-2818; ssafren@miami.edu

5. **Home Address:** N/A

6. **Current Academic Rank:** Professor

7. **Primary Department:** Department of Psychology, College of Arts and Sciences, University of Miami

8. **Secondary or Joint Appointments:** Department of Psychiatry, Miller School of Medicine, University of Miami

9. **Citizenship:** USA

10. **Visa Type** (if non-citizen): N/A

**HIGHER EDUCATION**

11. **Institutional (institution; degree; date conferred):**

1991	B.A.	Psychology	Brandeis University, Waltham, MA
1995	M.A.	Clinical Psychology	University at Albany, State University of New York
1998	Ph.D.	Clinical Psychology	University at Albany, State University of New York
1998	Pre-doctoral internship	Clinical Psychology (CBT)	Massachusetts General Hospital/Harvard Medical School

1999	Post-doctoral Fellowship	Clinical Psychology (CBT)	Massachusetts General Hospital/Harvard Medical School
------	--------------------------	---------------------------	---

**12. Non-Institutional (description; dates):**

N/A

**13. Certification, licensure (description; board or agency; dates):**

1999-present	Licensed Psychologist, State of Massachusetts, #7541.
2007-present	Diplomate in Cognitive Behavioral Therapy, American Board of Professional Psychology (ABPP; Diplomate number 6403)
2015-present	Licensed Psychologist, State of Florida, #9300.

**EXPERIENCE**

**14. Academic (institutions; rank/status; dates):**

1999-2001	Instructor	Psychology, Department of Psychiatry	Harvard Medical School
2000-2003	Adjunct Assistant Professor	Department of Psychology	Boston University
2002- 2005	Assistant Professor	Psychology, Department of Psychiatry	Harvard Medical School
2005-2012	Associate Professor	Psychology, Department of Psychiatry	Harvard Medical School
2012-2015 (Aug)	Professor	Psychology, Department of Psychiatry	Harvard Medical School
2015-present	Professor	Psychology, Department of Psychology	University of Miami, College of Arts and Sciences
2022-present	Professor (secondary appointment)	Psychology, Department of Psychiatry	University of Miami, Miller School of Medicine
2023-present	Director of Scholarship in Social Sciences, Behavioral Sciences, and Humanities	Office of the Provost	University of Miami

**15. Non-Academic (employers; title; responsibilities; dates):**

1998-2022	Affiliated Scientist	The Fenway Institute, Research and Evaluation Department	Fenway Community Health
1999-2005	Clinical Assistant	Department of Psychology (Psychiatry)	Massachusetts General Hospital
2000-2006	Associate Director, Cognitive Behavior Therapy Program	Cognitive Behavioral Therapy Program (Psychiatry)	Massachusetts General Hospital
2004-2009	Director	Cognitive Behavioral Therapy Track, Clinical Psychology Internship Program (Psychiatry)	Massachusetts General Hospital
2004-2015	Director	Behavioral Medicine Service (Psychiatry)	Massachusetts General Hospital
2004-2015	Director	Behavioral Medicine Track, Clinical Psychology Internship Program (Psychiatry)	Massachusetts General Hospital
2005-2015	Assistant Psychologist	Department of Psychology (Psychiatry)	Massachusetts General Hospital
2006-2014	Associate Director	Behavioral and Social Sciences Program	Harvard Division of AIDS Center for AIDS Research (CFAR)
2014-2015	Director	Behavioral and Social Sciences Core	Harvard University Center for AIDS Research (CFAR)
2016-2022	Co-Director	Behavioral / Social Science and Community Outreach Core	University of Miami Center for AIDS Research (CFAR)
2014-2020	External Scientific Advisory Board	3 <sup>rd</sup> Coast CFAR	Northwestern University
2019-present	Director	Overall and Administrative Core	University of Miami Center for HIV and Research in Mental Health
2020-present	Scientific Advisory Board	Scale it Up Florida	Florida State University, Center for Translational Behavioral Medicine

2023-present	External Advisory Board	T32 Training Program in Translational Science, HIV, and Sexual and Gender Minority Health	Northwestern University, Institute for Sexual and Gender Health
2024-present	External Advisory Board	Penn Mental Health AIDS Research Center	University of Pennsylvania

**16. Military (branch; rank; responsibilities; dates): N/A**

### Theses

1. B.A. Thesis: “Prospective and concurrent predictions of children’s memory span” Advisor: Dr. Joseph G. Cunningham
2. M.A. Thesis: “Quality of life in social phobia” Advisor: Dr. Richard G. Heimberg
3. Ph.D. Dissertation: “Depression, substance abuse, and suicidality in sexual minority adolescents” Advisor: Dr. Richard G. Heimberg

### Research Investigations without Named Authorship

1. Cohen MS, Ying CQ, McCauley M, Gamble T, Hosseinipour MC, Kumarasamy N...for the **HPTN 052 Study Team\***. Prevention of HIV-1 infection with early antiretroviral therapy. *New England Journal of Medicine*: 2011; 365(6), 493-505 (\*member of investigator team, listed in the author note in the article).
2. Campbell TB, Smeaton LM, Kumarasamy N, Flanigan T, Kingman KL, Fihnhaber C...for the **PEARLS study team of the ACTG\***. Efficacy and safety of three antiretroviral regimens for initial treatment of HIV-1: A randomized clinical trial in diverse multinational settings. *PLOS Medicine*, 2012; 9(8) e1001290 (\*member of investigator team, listed in the author note in the article).
3. Koblin B, Chesney M, Coates T, and the **EXPLORE Study Team**. (2004). Effects of a behavioural intervention to reduce acquisition of HIV infection among men who have sex with men: the EXPLORE randomized controlled study. *Lancet*, 364, 41–50.

### Selected Abstracts/Conference Presentations/Posters (Since 2016)

1. Simoni JM, Nance RM, Delaney JAC, Wilson I, Aunon F, **Safren SA**, Mugavero MJ, Mayer K, Mathews WC, Christopoulos K, Rodriguez B, Eron JJ, Moore RD, Napravnik S, Saag MS, Kitahata MM, Crane HM. HIV viral load in US Clinics over time: Trends and predictors from CNICS. Poster presentation (#1034) at the annual Conference on Retroviruses and Opportunistic Infections, Boston, MA. February, 2016.
2. Crane HM, Nance RM, Mugavero MJ, Simoni JM, Wilson IB, Mayer KH, **Safren SA**, Mathews WC, Saag MS. Missed visit ratio associations and mediating role with HIV viral load suppression across the US in the Centers for AIDS Research Network of Integrated Clinical Systems (CNICS) cohort. Poster Presentation at the 20<sup>th</sup> International Workshop on HIV Observational Data, Budapest, Hungary. April, 2016.
3. Blashill A, Tomassilli J, Biello K, O’Cleirigh C, Rooney B, **Safren SA**, Mayer K. Body dissatisfaction among sexual minority men: Psychological and sexual outcomes. Presentation at the 3<sup>rd</sup> Bi-Annual Gay Men’s Behavioral Science Conference: Contemporary issues in Gay Men’s Sexual Health Research. April, 2016.

4. Elsesser SA, Taylor SW, Mayer KH, **Safren SA**, O’Cleirigh C. Assumptions of partner HIV serostatus among men who have sex with men (MSM) taking antiretroviral medication to prevent HIV. Poster presentation (#C061) at the 37<sup>th</sup> annual Meeting and Scientific Sessions of the Society of Behavioral Medicine. April, 2016.
5. Shaffer KM, Riklin BA, Stagl JM, Jacobo M, Tehan T, Guanci M, Chenki-Shapsa A, **Safren SA**, Rosand J, Vranceanu AM. Mindfulness and coping are inversely related to psychological distress in patients and family caregivers in the neuro-ICU. Poster presentation (#C085) at the 37<sup>th</sup> annual Meeting and Scientific Sessions of the Society of Behavioral Medicine. April, 2016.
6. Dale S, Pierre-Louis C, Bogart L, O’Cleirigh C, **Safren SA**. Facilitators and barriers to medication adherence among black women living with HIV in the United States. Poster presentation at the 11<sup>th</sup> International Conference on HIV Treatment and Prevention Adherence Conference. May, 2016.
7. Kempf MC, Ott C, Azuero A, Stringer K, Jagielski C, Savage R, Cropsey K, Haberer J, Psaros C, **Safren SA**. Telemedicine-delivered cognitive behavioral therapy for adherence and depression (CBT-AD) in HIV-positive women in the Deep South. Presentation at the 11<sup>th</sup> International Conference on HIV Treatment and Prevention Adherence Conference. May, 2016.
8. O’Cleirigh C, Batchelder A, Blashill A, Tomassilli J, Ehlinger P, **Safren SA**, Mayer K. Changing attitudes toward PrEP among sexually risky men who have sex with men. Presentation at the 11<sup>th</sup> International Conference on HIV Treatment and Prevention Adherence Conference. May, 2016.
9. Pence B, Bengtson A, Christopoulos K, Cole S, Crane H, Gaynes B, Heine A, Mathews WC, Moore R, Napravnik, O’Cleirigh C, **Safren SA**, Mugavero M. The effect of depression on missed HIV medical visits among patients in the CFAR Network of Integrated Systems (CNICS) cohort in the United States. Presentation at the 11<sup>th</sup> International Conference on HIV Treatment and Prevention Adherence Conference. May, 2016.
10. Rendina HJ, Gurung S, **Safren SA**, Parsons JT. The critical influence of daily experiences of internalized HIV stigma on medication non-adherence for HIV-positive gay and bisexual men. Presentation at the 11<sup>th</sup> International Conference on HIV Treatment and Prevention Adherence Conference. May, 2016.
11. Bhatia D, Harrison A, Matthews L, Kubeka M, Milford C, Wilson I, Psaros C, **Safren SA**, Bangsberg D, Smit J. Gender inequalities influence HIV-serostatus disclosure: qualitative study among HIV-positive women and men reporting sero-discordant partnerships in Durban, South Africa. Poster presentation at the International AIDS Conference. July, 2016.
12. O’Neil KM, Greener R, Mosery FN, Milford C, **Safren SA**, Psaros C, Harrison A, Wilson IB, Bangsberg DR, Smit JA, Matthews LT. Knowledge, attitudes and practices of safer conception counseling among providers in Durban, South Africa. Poster presentation at the International AIDS Conference. July, 2016.
13. Mimiaga M, Thomas B, Biello K, Mayer K, Navakodi P, Dhanalakshmi A, Menon S, **Safren SA**. A pilot randomized controlled trial of a mobile phone delivered counseling intervention to reduce HIV risk among male sex workers in Chennai, India. Poster presentation at the International AIDS Conference. July, 2016.
14. Torres TS, Harrison LJ, La Rosa AM, Lavenberg J, Zheng L, **Safren SA**, Ngongondo M, Poongulali S, Matoga M, Samaneka W, Collier AC, Hughes M, ACTG A5273 Study Group.

- Quality of life among individuals failing first-line antiretroviral therapy (ART) in resource-limited settings (RLS). Poster presentation at the International AIDS Conference. July, 2016.
15. **Safren SA**, Mayer KH, Elsesser S, Psaros C, Marzinke M, Hendrix C, Haberer J, Mimiaga MJ. A nurse-delivered CBT-based intervention to increase adherence to oral PrEP in men who have sex with men: Project Prepare. Symposium presentation at the 50<sup>th</sup> Annual Convention of the Association for Behavioral and Cognitive Therapies. October, 2016.
  16. Rogers BG, Lee JS, **Safren SA**. Sleep difficulties and health-related and overall quality of life in persons living with HIV/AIDS. Poster presentation at the 50<sup>th</sup> Annual Convention of the Association for Behavioral and Cognitive Therapies, Behavioral Medicine/Integrated Primary Care Special Interest Group. October, 2016.
  17. Choi KW, Smit JA, Mosery Z, Bangsberg DR, **Safren SA**, & Psaros C. Mapping a syndemic of psychosocial risks during pregnancy among HIV-infected women in South Africa. Poster session at the 38<sup>th</sup> Annual Meeting & Scientific Sessions of the Society of Behavioral Medicine, San Diego, CA. March, 2017.
  18. Khidir H, Psaros C, Greener L, Mosery N, Mathenjwa M, O'Neil K, Harrison A, Bangsberg D, **Safren SA**, Smit J, Matthews L. Sinikithemba Kwabesilisa: A pilot safer conception intervention for men living with HIV in KwaZulu-Natal successfully promotes HIV-RNA suppression. Poster presentation at the 12<sup>th</sup> International Conference on HIV Treatment and Prevention Adherence. June, 2017.
  19. Rodriguez-Diaz C, Guo X, Zangeneh S, Wang J, Tsuyuki K, Ransome Y, Mimiaga M, Mayer K, **Safren SA**. The longitudinal impact of psychosocial syndemics on ART adherence in HIV-positive patients in care in Brazil, Thailand, and Zambia – HPTN 063. Poster presentation at the 12<sup>th</sup> International Conference on HIV Treatment and Prevention Adherence. June, 2017.
  20. Tsuyuki K, Shoptaw S, Chau G, Ransome Y, Rodriguez-Diaz C, Friedman R, Srithanaviboonchai K, Mayer K, **Safren SA**. The role of non-injection substance use in ART adherence and viral load detectability among men living with HIV in Brazil and Thailand – HPTN063. Poster presentation at the 12<sup>th</sup> International Conference on HIV Treatment and Prevention Adherence. June, 2017.
  21. Dale S, **Safren SA**. Open pilot trial of striving towards empowerment and medication adherence (STEP-AD): A tailored intervention for black women with HIV. Poster presentation at the 12<sup>th</sup> International Conference on HIV Treatment and Prevention Adherence. June, 2017.
  22. Harkness A, Bainter S, O'Cleirigh C, Mendez N, Mayer K, **Safren SA**. Longitudinal effects of psychosocial syndemics on ART non-adherence in HIV-positive MSM in care. Poster presentation at the 12<sup>th</sup> International Conference on HIV Treatment and Prevention Adherence. June 2017.
  23. Biello KB, Chan PA, Edeza A, **Safren SA**, Mayer KH, Mimiaga MJ. Low awareness and uptake of HIV pre-exposure prophylaxis among male sex workers in the Northeastern United States. Poster presentation at the International AIDS Society Conference on HIV Science, Paris, FR. July, 2017.
  24. Khidir H, Bennett K, Milford C, Greener R, Mosery N, Kaida A, Psaros C, **Safren SA**, Bangsberg DR, Smit J, Matthews LT. Sexual relationship power and periconception HIV-risk behavior among men living with HIV in serodiscordant relationships. Poster presentation at the International AIDS Society Conference on HIV Science, Paris, FR. July, 2017.

25. Glynn TR, **Safren SA**, O’Cleirigh C, Mayer KH. Differential effects of proximal versus distal minority stress on condomless sex in high risk MSM. Poster presentation at the 125<sup>th</sup> annual meeting of the American Psychological Association, Washington, DC. August, 2017.
26. Rogers BG, Bainter SA, **Safren SA**. A longitudinal analysis of sleep for persons living with HIV/AIDS in treatment for depression and medication adherence (CBT-AD). Poster presentation at the 51<sup>st</sup> annual meeting of the Association of Behavioral and Cognitive Therapies, San Diego, CA. November, 2017.
27. Albright C, Rogers BG, **Safren SA**. Psychosocial factors associated with HIV transmission risk behaviors in men who have sex with men living with HIV/AIDS. Poster presentation at the 51<sup>st</sup> annual meeting of the Association of Behavioral and Cognitive Therapies, San Diego, CA. November, 2017.
28. Nogg KA, Rooney BM, Rodriguez-Diaz CE, Morris S, Blumenthal J, Moore D, Horvath KJ, **Safren SA**, & Blashill AJ. PrEP Continuum of Care among Young Latino MSM. Poster presentation at the 51<sup>st</sup> annual meeting of the Association of Behavioral and Cognitive Therapies, San Diego, CA. November, 2017.
29. Dale SK, **Safren SA**. A case series study of a tailored cognitive behavioral intervention for Black women with HIV. Symposium presentation at the 51<sup>st</sup> annual meeting of the Association of Behavioral and Cognitive Therapies, San Diego, CA. November, 2017.
30. Abrams DH, Fang A, Davidson AJ, Porth RE, Weingarden H, Sprich S, Reese H, **Safren SA**, Wilhelm S. Sudden gains in a naturalistic study of CBT for OCD, GAD, PTSD, and Panic. Poster presentation at the 51<sup>st</sup> annual meeting of the Association of Behavioral and Cognitive Therapies, San Diego, CA. November, 2017.
31. Lee JS, Bainter SA, Glynn TR, Rogers BG, O’Cleirigh C, Mayer KH, **Safren SA**. A network analysis of syndemics in high-risk HIV-negative men who have sex with men. Poster presentation at the 51<sup>st</sup> annual meeting of the Association of Behavioral and Cognitive Therapies, San Diego, CA. November, 2017.
32. Glynn TR, **Safren SA**, Lee JS, Taylor SW, Mayer KH, O’Cleirigh C. “Seroguessing” among HIV-negative men who have sex with men associated with condomless sex through self-efficacy. Poster presentation at the 51<sup>st</sup> annual meeting of the Association of Behavioral and Cognitive Therapies, San Diego, CA. November, 2017.
33. Rogers BG, Harkness A, Satyanarayana S, Albright C, Hafkey K, **Safren SA**, Pachankis J. “You don’t really know what’s going to happen, it’s still new.” Pre-exposure prophylaxis (PrEP) beliefs among young men who have sex with men in Miami. Poster session presented at the 13<sup>th</sup> International Conference on HIV Treatment and Prevention Adherence, Miami, FL. May, 2018.
34. Lee JS, Bainter S, Glynn TR, Rogers BG, O’Cleirigh C, Mayer KH, **Safren SA**. Comparing Network to Exploratory Factor Analysis in Psychosocial Syndemics in High-Risk HIV-Negative Men Who Have Sex with Men. Poster session presented to the 39<sup>th</sup> Annual Meeting of Society of Behavioral Medicine. New Orleans, LA. April, 2018.
35. Rogers BG, Glynn TR, Lee JS, Mendez NA, Wohlgenuth WK, **Safren SA**. DSM-5 sleep disorders and emotional symptoms in a clinic sample of people living with HIV/AIDS. Poster session presented to the 39<sup>th</sup> Annual Meeting of Society of Behavioral Medicine. New Orleans, LA. April, 2018.
36. Harkness A, Bainter SA, O’Cleirigh C, Albright C, Mayer KH, **Safren SA**. Longitudinal effects of syndemics on condomless sex with HIV-uninfected partners among sexual minority men living with HIV. Poster session presented at the 39<sup>th</sup> Annual Meeting and

- Scientific Sessions of the Society of Behavioral Medicine, New Orleans, LA. April, 2018.
37. Satyanarayana S, **Safren SA**, Rogers BG, Bainter SA, Christopoulos KA, Fredericksen RJ, Matthews WC, Moore RD, Mugavero MJ, Napravnik S, Mimiaga MJ, Mayer KH, Crane HM. Syndemics predict bio-behavioral HIV sexual transmission risk (TRB) longitudinally in US HIV clinics. Poster discussion presented at the 22<sup>nd</sup> annual International AIDS Conference, Amsterdam, the Netherlands. July, 2018.
  38. Mimiaga M, Pantalone D, Biello K, White Hughto J, Frank J, O’Cleirigh C, Reisner S, Restar A, Santostefano C, Mayer K, **Safren SA**. Behavioral activation integrated with sexual risk reduction counseling for high-risk MSM with crystal methamphetamine dependence: An initial randomized controlled trial. Poster discussion presented at the 22<sup>nd</sup> annual International AIDS Conference, Amsterdam, the Netherlands. July, 2018.
  39. Mathenjwa MN, Greener L, Khidir H, Mosery N, Psaros C, O’Neil K, Harrison A, Bangsberg DR, **Safren SA**, Smit JA, Matthews LT. Successes and challenges within a safer conception intervention for men living with HIV in South Africa. Poster presentation at the 22<sup>nd</sup> annual International AIDS Conference, Amsterdam, the Netherlands. July, 2018.

**21. Funded Research Performed**

**Past and Current Funded Projects (PI, Co-I, Consultant, and Mentee roles)**

(\*Direct costs listed for grants where I am PI)

1998-1999	Principal Investigator	Department of Public Health: Community Research Initiative	\$100,000 (includes competitive renewal)
-----------	------------------------	--	---

HIV medication adherence program: Life-Steps, project

This study was to develop and test a single-session cognitive-behavioral/problem-solving intervention (Life-Steps) to increase adherence to HIV medications

1999-2001	Co-Investigator	NIAID AIDS Clinical Trials Group	
Adherence substudy A5301s to ACTG 384 A5301s PI: M. Chesney & G. Robins, ACTG 384 PI: M. Hirsch, G. Robins			
This was a study to test the efficacy of a telephone based adherence counseling intervention in the context of a large multi-site clinical trial.			
Role: to help develop the intervention and its evaluation.			

1999-2001	Principal Investigator	Reminders On-Line, Inc.	\$75,000
Efficacy of medication On-line Minders (MediMom)			
This project was to test the efficacy of utilizing an on-line paging system to provide reminders to take HIV medications.			

2000-2005	Site Co-Investigator	CDC & VaxGen	
Conduct and Evaluation of on-going phase III HIV vaccine efficacy trials PI: Kenneth Mayer, M.D.			
This study was to examine behavioral and psychosocial aspects of HIV vaccine trial participation.			
Role: to contribute behavioral science expertise to the assessment battery.			

2000-2008	Investigator (Behavioral Science Working Group)	NIH/NIMH/NIAID, International Collaboration/Collaborative Agreement 5U01AI048040	
HIV prevention trials network			
This cooperative agreement will fund HIV prevention interventions, including studies of behavioral interventions, microbicides, STD treatment, antiretroviral use as prophylaxis, and studies to decrease injection drug use and to interrupt perinatal HIV transmission.			
Role: A behavioral scientist and involved contributing to assessment and intervention development.			
2001-2003	Principal Investigator	NIMH R03 MH60940	\$100,000
CBT for residual ADHD symptoms in adults			
This study was to initially test the feasibility, acceptability, and efficacy of CBT in medication treated adults with ADHD. This was the first U.S. trial of its kind.			
2001-2002	Co-Principal Investigator	NIH/NIAID, Supplement to Brown/Lifespan Center for AIDS Research Grant	
Behavioral secondary HIV prevention interventions in India PI of supplement: Kenneth Mayer, M.D., PI of CFAR: C. Carpenter			
This was a qualitative and quantitative study of sexual and other HIV transmission risk behavior among individuals with HIV in Chennai, India.			
Role: Developed the study, both the qualitative assessments and supervised the analysis and development of the quantitative assessments. Supervised all analysis and write ups thus far.			
2001- 2003	Principal Investigator	NIH-Funded through Partners/Fenway/Shattuck Center for AIDS Research (CFAR) NIAID 5P30AI060354, Junior investigator research award	\$60,000
CBT for depression and medication adherence in persons with HIV			
This was a junior investigator award to begin to develop cognitive behavioral therapy for adherence and depression in HIV.			
2002-2003	Principal Investigator of supplement	Supplement to HIV prevention trials unit HPTN 052	\$50,000
Adherence preparedness study for HPTN 052 Fenway HPTU PI: Kenneth Mayer, M.D.			
This supplement sought to examine the best methods of assessing adherence to antiretroviral therapy (ART) for a large, international, multi-site trial of ART for HIV prevention in serodiscordant couples. It invoked data collection in Malawi and India.			
2002-2007	Collaborator	HPTN 052 = NIAID, HIV Prevention Trials Group	

A randomized controlled trial of ART to prevent HIV in serodiscordant couples. PI: Myron Cohen, MD			
This is a large scale international trial testing the efficacy of antiretroviral therapy to reduce HIV transmission in sero-discordant couples in Brazil, Thailand, India, and South Africa.			
Role: Behavioral Scientist, designed adherence counseling and behavioral assessments for this trial.			

2002-2010	Coinvestigator	NIDA Clinical Trials Network (CTN), 1U10DA015831-01	
CTN: Harvard University Northern New England Node			
This is a node for the NIDA funded drug abuse treatment trials network, partnering academic researchers and clinical treatment program in New England to conduct drug abuse effectiveness trials.			
Role: Behavioral Scientist.			

2002-2006	Investigator (Site Principal Investigator)	NIDA R-01 5R01DA015679	
Understanding and improving adherence to ART PI: Ira Wilson, M.D.			
This was a randomized controlled trial of a provider-based intervention providing feedback regarding patients' psychosocial issues and adherence to HIV providers to increase HIV medication adherence.			
Role: Behavioral Scientist and site investigator.			

2002-2010	Co-Investigator	NIDA (original grant and renewal) 2U10DA015831	
NIDA Clinical trials network: Northern New England node PI: R. Weiss			
This is a collaborative agreement to develop and conduct effectiveness trials of drug abuse interventions.			
Role: HIV/AIDS working group member/investigator.			

2002-2011	Investigator	ACTG 5175 – AIDS Clinical Trials Group, NIAID	
A phase II, randomized, open-label evaluation of the efficacy of three-nucleoside reverse transcriptase inhibitor combinations for initial antiretroviral treatment of HIV-1 infected persons in developing countries PI: Thomas Campbell, MD			
This is a large scale international trial testing ART for HIV.			
Role: One of two Chairs of the Behavioral Science Working Group, involved in designing adherence and risk reduction counseling to 46 study locations across the U.S., Malawi, South Africa, Zimbabwe, India, Thailand, Brazil, Peru, and Haiti.			

2002-2003	Mentor to International Investigator/ Co-principal investigator	Supplement to Brown Fogarty International Training Grant	
HIV medication adherence in Chennai, India International PI: N. Kumarsamy, M.D., Site PI: Kenneth Mayer, M.D.			
This study examined barriers and facilitators of HIV medication adherence in Chennai, India as a groundwork for intervention efforts.			
Role: Develop the qualitative guide, supervise analysis and write-up, assist PI with maintenance of all aspects of the study. This project was funded on both the U.S. and India side.			
2003-2006	Principal Investigator	NIMH R21 MH066660	\$375,000
CBT for HIV medication adherence and depression			
This was an initial randomized controlled trial of the efficacy of CBT for adherence and depression in HIV.			
2003-2007	Co-Principal Investigator	NIH/NIMH R-01 5R01MH068746	
Enhancing HIV prevention among high risk HIV+ men PI: Kenneth Mayer, M.D.			
This was to develop and test, in an RCT, an HIV prevention intervention for HIV-infected men who have sex with men who are in HIV care. Interventionists were medical social workers.			
Role of Co-PI: involved working with the (biomedical) PI on all investigator aspects of the study, particularly the behavioral science components.			
2003-2008	Co-Principal Investigator	HRSA	
Enhancing HIV prevention among HIV+ MSM in primary care settings PI: Kenneth Mayer, M.D.			
This was an evaluation study of a peer-based intervention for HIV prevention for HIV-infected men who have sex with men who are in HIV care.			
2004-2005	Mentor / co-investigator	Fenway Community Health to Humsafar Trust, Mumbai, India	
Mental health baseline study of MSM in Mumbai: A pilot study			
This study is examining mental health issues among MSM in Mumbai, and aimed to scale up the research institute at this particular NGO in India.			
Role: Behavioral Science mentor to the site.			
2004-2009	Principal Investigator	NIDA R-01 DA018603	≈\$1.5 million
CBT for depression & adherence in HIV+ methadone patients			

The study compared cognitive behavioral therapy for HIV medication adherence and depression to a single session adherence intervention to increase medication adherence in patients with opioid dependence in methadone treatment.
--

2004-2010	Investigator	NIDA R01DA017904	
Stress, distress intolerance, and drug dependence PI: Michael Otto			
The major goal of this project is to evaluate the efficacy of CBT-IC for intervening with chronically stressed and treatment-resistant opiate-dependent outpatients.			
Role: Co-investigator/psychologist.			

2004-2009 (extension)	Principal Investigator	NIMH R-01 MH069812	\$1.1 million
Efficacy of CBT for residual ADHD in adults			
The goal of this study is to test, in a two-arm randomized controlled trial, CBT for ADHD in adults who have been treated with medications but still have clinically significant symptoms. Note – transfer of PI role from Safren to Sprich requested in September 2008 inclusive of no-cost extension – due to NIMH rules on maximum number of projects an investigator can be PI of.			

2005-2006	Co-Investigator	Supplement to Bruce Walker CFAR, P30 AI42851	
Strategies for Optimal HIV care in the Caribbean PI: Kenneth Freedberg, M.D.			
This was to test a mathematical model for optimal HIV care in the Caribbean.			
Role: Behavioral science/adherence collaborator.			

2005-2008	Consultant	NIMH R34MH073400	
Maintaining ART adherence in post-DOT AIDS patients PI: Heidi Behforouz, M.D.			
Thus, the overall goal of this proposed study is to create a transitional program to successfully bridge the gap between directly observed therapy and self-administration of ART in marginalized patients who required directly observed therapy for HIV adhoc medication adherence.			
Role: Consultant regarding CBT to help the transition from DOT to self-administration and on CBT design during DOT.			

2005-2007	Co-Mentor	NIMH F31MH072551	
Impact of life stress on HIV treatment adherence PI: Kathryn Bottanari (Ph.D. student at SUNY University at Buffalo)			

This study sought to examine the impact of life stress on HIV treatment adherence in a longitudinal design.			
Role: Project co-mentor (other co-mentor was at SUNY Buffalo)			

2005-2006	Principal Investigator	Minority supplement for Dr. Jeffrey Gonzalez to: NIDA R-01 DA018603	\$85,000
Supplement to CBT for depression & adherence in HIV+ methadone patients			
Minority supplement was to lay the groundwork to expand the intervention to HIV-infected Latino methadone patients.			
Role: Mentor and PI of parent grant			

2006-2007	Investigator	Harvard University Program on AIDS (HUPA)	
Antiretroviral Adherence in a PEPFAR-funded HIV care and treatment scale-up effort in South Africa. PI: Lisa Hirschorn, M.D.			
This was an evaluation project to examine adherence in the setting of ART scale-up in S. Africa.			
Role: Behavioral Scientist, contributed Psychological/Behavioral perspective to the study design.			

2006-2013	Investigator/ Behavioral Science Consultant	AIDS Clinical Trials Group 5234	
International trial of directly observed therapy versus self-administered standard of care for participants with first virologic failure on a non-nucleoside reverse transcriptase inhibitor-containing antiretroviral regimen: A limited center trial of the AIDS Clinical Trials Group (ACTG 5234) PI: Robert Gross, MD			
To develop and test a partner-assisted directly observed therapy intervention for HIV-infected individuals at 6 international sites: Peru, Haiti, Brazil, South Africa, Uganda, Zambia			
Role: Behavioral Scientist/Consultant regarding intervention development, assessment, fidelity			

2006-2007	Principal Investigator of supplement	Supplement to: Harvard Medical School Center for AIDS Research (HMS CFAR; Walker)	\$50,000
Behavioral sero-epidemiology of HIV among MSM in South India			
This was to examine risk factors for HIV risk and HIV-infection in MSM in Chennai, India.			
Role: PI of supplent.			

2006-2012	Advisor	F30 MH079738-01A2	
Enhancing HIV secondary prevention in a clinical care setting in Southern India. Ruth			

Kirschstein National Research Service Award (NRSA). Venkatesh Kartik, PI			
Role: To advise on the overall project, adapt my existing project in this setting to trainee work, supervise papers and analyses, provide behavioral science expertise.			

2006-2011	Principal Investigator	NIMH 1R01MH078571	≈\$1.1 million
CBT for adherence & depression in diabetes			
The study aims to compare a treatment with cognitive behavioral therapy for diabetes medication adherence to treatment with an enhanced treatment as usual condition including diabetes education from a nurse and a nutritionist and a single session medication adherence intervention.			

2006-2008	Consultant	NIMH R34MH077503	
Antidepressant and behavioral adherence intervention for depressed HIV patients PI: Glenn Wagner, Ph.D.			
This study is to develop and test an intervention for antidepressant and ART adherence for depressed HIV patients. Role: Overall study consultant, focus on intervention development and training issues.			

2006-2014	Associate Director, Behavioral and Social Sciences Program	NIAID 5P30AI060354	
Harvard University Center for AIDS Research PI: Bruce Walker, M.D.			
This is a center grant, bringing together scientists across disciplines and across the Harvard institutions conducting HIV/AIDS research, providing core support for researchers, as well as scientific programs.			
Role: Behavioral scientist, Associate Director of the Social and Behavioral Science Program.			

2007-2010	Co-Investigator	NIMH, R34MH081335	
Reducing high-risk behaviors among bipolar patients transitioning to adulthood PI: Aude Henin			
The study aimed to develop a novel cognitive-behavioral therapy (CBT) protocol aimed at reducing high-risk behaviors, as well as improving resiliency and addressing important developmental issues in youth with bipolar disorder (BPD) who are transitioning to adulthood.			
Role: Collaborator regarding CBT intervention development and testing			

2007-2011 (no cost extension)	Co-Principal Investigator	NIMH, 5R34MH081760-	\$432,500
Integrated HIV prevention and trauma treatment in MSM with sexual abuse history. PI: Conall O'Cleirigh			

This study aimed to develop and test an intervention that integrates cognitive processing therapy for PTSD with HIV risk reduction in men who have sex with men who have experienced childhood sexual abuse and engage in HIV risk behavior.			
Role: Co Principal Investigator, mentoring junior investigator PI.			
2007-2011	Co-Investigator	NIMH, R01MH073445	
Optimizing strategies for universal HIV testing PI: Rochelle Walensky			
This was an RCT of an intervention for universal HIV testing in the emergency room setting.			
Role: Behavioral Scientist / co-investigator			
2007-2012	Co-Investigator	ACTG (NIAID)/NINR ACTG 5251s	
Enhanced nursing support to improve self-management and outcomes of ART PI: Nancy Reynolds, Ph.D.			
This is a study to test the efficacy of a nurse-based phone intervention to help ART adherence.			
Role: Collaborator regarding intervention development			
2007-2012	Co-investigator	5R21HD051178-05 (Bradford)	
Developmental Infrastructure for Population research			
The goals for this 5 year project are to establish a public-access research data archive at the Inter-University Consortium for Political and Social Research (ICPSR), build a pipeline program at the Boston University School of Public Health (BUSPH) to train pre and post-doctoral students, and provide a dedicated space with effective administrative, communications and computing support as a community-based research home for leading scientists in the field of LGBT health.			
Role: Co-investigator			
2007-2008	Mentor	amfAR Research Grant # 106884-42-RFBR	
Impulsivity, Drug Abuse, and HIV Medication Adherence: An fMRI Study Fellowship recipient: Christina Meade, Ph.D.			
Examine neuropsychological and neuro-imaging correlates of adherence to antiretroviral medications in drug abusers.			
Role: Mentor.			
2007-2008	Principal Investigator	Minority supplement for Dr. Andres Bedoya to: NIDA R-01 DA018603	\$90,000
Supplement: CBT for depression & adherence in HIV+ methadone patients			
Minority supplement was to continue work started by Dr. Gonzalez (above) to lay the groundwork to expand the intervention to HIV-infected Latino methadone patients.			
Role: Mentor and PI of parent grant			

2007-2008	Co-Investigator/Mentor to Vranceanu	Academic Enrichment Fund (AEF), Career Development Grant	
Cognitive-behavioral intervention versus standard treatments for patients with trapeziometacarpal arthritis Pis: Ana Maria Vranceanu, Ph.D. and David Ring, MD To develop and initially test CBT for this population. Role: CBT mentor for iterative approach to psychosocial intervention development and testing.			
2007-2012	Co-Mentor	NIMH, 1K23MH076037-01A2	
Psychosocial treatment of depression in Parkinson's Disease PI: Amy Farabaugh The purpose of this study is to assess the efficacy of cognitive behavior therapy (CBT) for depression in Parkinson's disease. Role: Co-mentor (psychologist/CBT)			
2007-2012	Mentor/Co-Investigator	NCI, 1R03CA128478	
Brief CBT for anxiety and advanced NSCLC PI: Joseph Greer This is an application to develop and preliminarily test cognitive-behavioral therapy (CBT) for the treatment of anxiety in individuals with advanced non-small cell lung cancer (NSCLC). The overall goal is to lay the necessary groundwork for a full-scale randomized controlled trial of this treatment. Role: Mentor for project			
2008-2011	Co-Investigator	NIMH 1R21MH085319	
Social/sexual networks of high risk married MSM in Mumbai PI, Kenneth H. Mayer, M.D. The overall goals are to better understand HIV/STI transmission dynamics and how social and sexual network characteristics contribute to increased risk, and to probe for interest in participating in future HIV/STI prevention interventions. This is part of an Indo-U.S. bilateral collaborative research partnership on the prevention of HIV/AIDS. Role: Behavioral Scientist			
2008-2011	Principal Investigator	NIMH R-21 MH085314	\$325,000
Addressing psychosocial needs and HIV risk in Indian MSM This study developed an intervention to address and reduce HIV risk in Indian MSM. This was part of an Indo-U.S. bilateral collaborative research partnership on the prevention of HIV/AIDS.			

2008-2013	Principal Investigator	NIMH, 1R34MH083063	375,000
Compensatory executive functioning skills training in adolescents with ADHD Role: Contact PI, Multiple PI's: Safren, Sprich			
The goal of this study was to test an adapted version of our CBT intervention for Adult ADHD in adolescents.			

2008-2013	Co-Investigator	NIAID, 1U01AI069480-01	
Clinical Trial Unit for HIV Prevention and Microbicide Research PI: Kenneth Mayer, M.D.			
This is a clinical trials unit focusing on HIV prevention trials studies.			
Role: Behavioral scientist, site investigator, member of various protocol teams.			

2008-2013	Co-Investigator	NIMH, 1R01MH084759	
Optimal assessment of HAART in routine clinical care PI: Heidi Crane, MD			
The goal of this study is to test a brief, feasible, valid, and well-tolerated measure of computer-assisted self-administered interview (CASI) collected adherence to antiretroviral medications in routine clinical practice focusing on feasibility issues, optimal self-report strategy, and item selection.			
Role: Behavioral scientist investigator, input regarding the assessments and intervention strategies.			

2008-2014	Principal Investigator	NIMH R-01 MH084757	≈3.7 million
Efficacy of CBT for adherence and depression in HIV care settings			
The current study is a full-scale randomized controlled efficacy trial of cognitive behavioral therapy for adherence and depression in HIV, following the successful formative work through our NIMH R21.			

2008-2011	Consultant	NIMH, 1R34MH084674	
Addressing depression and ART adherence in HIV+ adults on the U.S. – Mexico border. PI: Jane Simoni, Ph.D.			
This study's aim was to develop and test, in a 2x2 randomized controlled pilot trial CBT-AD and/or the use of an electronic pillbox to treatment as usual in Mexico.			
Role: Consultant regarding implementing the intervention which I have developed and have been testing in the New England area with HIV and diabetes.			

2008-2013	Protocol Chair	HIV Prevention Trials Network (HPTN 063) NIAID-funded network study [tied to 1U01AI069480; Mayer]	≈\$5 mil
Preparing for international prevention trials involving HIV-infected individuals in care settings Sites: Zambia, Brazil, and Thailand			

This is an observational longitudinal study of HIV risk behavior and associated variables in various international settings and will lay the groundwork for a multi-site trial of an HIV risk reduction intervention integrating HIV treatment with HIV care. Risk groups include MSM, heterosexual women, and heterosexual men.			
Role: Protocol Chair is a PI level role in a NIH-funded international network, leading the protocol team which includes investigators, biostatistician, operations personnel, ethicists, community representatives, and international site investigators			

2008-2009	Co-Investigator/Mentor to Vranceanu	American society for the surgery of the hand (ASSH)	
A cognitive behavioral intervention for idiopathic hand and arm pain conditions not amenable to surgical treatments Pis: Ana Maria Vranceanu, Ph.D. and David Ring, MD			
This is a study to develop a CBT intervention for idiopathic hand and arm pain that are not amenable to surgical treatments.			

2008-2010	Mentor and Co-Principal Investigator	NIDA R03DA023393	\$100,000
Behavioral activation and HIV risk reduction for MSM with crystal meth abuse PI: Matthew J. Mimiaga			
The goal of this project is to test feasibility and acceptability of integrating behavioral activation and HIV risk reduction counseling to reduce HIV risk and drug use in men who have sex with men (MSM) who abuse crystal meth. Role: Co-PI – responsible for intervention development and mentoring the PI.			

2009-2011	Mentor/collaborator	Harvard University Center for AIDS Research (HUCFAR)	
HIV Prevention in Very High Risk Men Who Have Sex With Men-I PI: Conall O’Cleirigh, Ph.D.			
This is a feasibility study identifying the psychological, psychopathological, personality, behavioral, situational, and contextual factors associated with HIV sexual transmission risk behavior.			
Role: Primary mentor			

2009-2011	Mentor	Kaplan Fellowship on Depression; Livingston Award Harvard Medical School	
Measuring predictors of depression in adults with attention-deficit/hyperactivity disorder (ADHD). PI: Laura Knouse, Ph.D.			
The goal of this study is to develop a psychosocial treatment for depressive disorders in adults with ADHD based on an empirical study of predictors of depression in this group.			
Role: Mentor			

2009-2014	Co-Mentor	5K23MH087228-04	
Novel measures and theory of pediatric antiretroviral therapy adherence in Uganda PI: Jessica Haberer, PhD			
The goals of this project are to examine the performance of novel adherence measures based on wireless technology among caregivers of HIV-infected children under age five in Uganda, to perform mixed method assessments of the feasibility and acceptability of these novel adherence measures, and to develop a theoretic model for ART adherence behavior based on social capital for young children in a resource-limited setting.			
Role: Co-mentor			

2009-2013	Co-Investigator	Bill and Melinda Gates Foundation	
Understanding and improving pre-exposure prophylaxis (PrEP) adherence. PI, David Bangsberg, MD			
Improving adherence to pre-exposure antiretroviral therapy prophylaxis will maximize its effectiveness in preventing HIV transmission. Investigators propose to fully characterize PrEP adherence and PrEP sharing using objective, intensive, state-of-the-art measures.			
Role: Behavioral Scientist – work on development and training for the adherence interventions.			

2009	Consultant	Supplement to NIDA P60-DA005186-21	
Feasibility and acceptability of ART adherence among IDUs receiving methadone treatment in Kiev.			
The goal of the project is to add “Life-Steps” adherence counseling (an approach I developed and tested) to drug dependence counseling in the opiate substitution clinic setting in Kiev Ukraine.			
Role: Consultant – trained staff in conducting the intervention, qualitative research.			

2009-2011	Consultant	RC1DA028505-0110	
Test of a web-based program to improve adherence to HIV/AIDS medications. PI, Royer F. Cook, Ph.D.			
The goal of this (stimulus / challenge grant) project is to develop and test a web-based intervention for HIV/AIDS that addresses distress/stress management along with adherence.			
Role: Consultant – the grant was developed with the web based intervention based on my work on adherence counseling (Life-Steps) and integrating adherence counseling with treatment of depression (CBT-AD).			

2010-2012	Co-investigator/ collaborator	Harvard University Center for AIDS Research Development (Feasibility) Award	
Improving antiretroviral medication adherence among HIV-infected youth. Pis: Matthew Mimiaga and Laura Bogart			

The aim of this project is to adapt a studied intervention (Life-Steps, Safren et al) for improving antiretroviral adherence to HIV-infected youth.			
Role: To provide guidance to the team regarding the intervention development and testing part of the study as the intervention is based on my prior work.			

2010-2012	Consultant	R44MH080655 (NIMH)	
AREMIND: A personalized system to remind for adherence. PI: Vikram Kumar, MD			
This project was to develop and test a cell-phone text messaging system to remind individuals for HIV medication adherence, and deliver a report to physicians regarding adherence of their patients.			
Role: Consultant—training the staff in qualitative research, interviewing, and analysis, general project consulting.			

2010-2011	Co-investigator/mentor	Harvard University Center for AIDS Research Development (Feasibility) Award	
Sustaining effects of contingency management on stimulant use in HIV+ persons PI: Jennifer Mitty, MD			
The aim of this award is to utilize behavioral activation and other CBT techniques to sustain the effects of contingency management in stimulant use in HIV-infected patients.			
Role: Co-investigator and mentor to the PI and investigator team.			

2010-2012	Mentor	MGH Cancer Center / NCI Funded Mentored Career Development award (analogous to a K23)	
Adherence to oral chemotherapy in patients with cancer PI: Joseph A. Greer, Ph.D.			
The aim of this project is to obtain baseline information about oral chemotherapy agents in patients with cancer, and develop interventions based on the data.			
Role: Mentor			

2010-2015	Co-Investigator	5R01MH054907 (Bangsberg)	
Novel approaches to monitoring and utilizing adherence to HIV therapy in Africa PI: David Bangsberg			
This was a longitudinal cohort study of adherence to ART in rural Africa.			
Role: Behavioral Scientist			

2011-2013	Co-Investigator	1R21DA033720-01 NIDA (Mimiaga)	≈\$375,000
Technology for HIV Prevention Among Vulnerable Men in India This proposal was to develop and pilot test a new intervention that used mobile phone technologies to reduce sexual risk taking in MSWs in Chennai and Mumbai.			
Role: co-investigator			

2011-2012	Mentor	Harvard University Center for AIDS Research Development (Scholar) Award	
Body dissatisfaction, depression, and HIV self-care among MSM PI: Aaron Blashill, PhD.			
The aim of this award is to collect information about the overlapping and distinct factors of body image, depression, and self-care (adherence to treatment, sexual transmission risk behaviors) in men who have sex with men who have HIV.			
Role: Primary mentor			

2011-2013	Mentor	1R03MH093237	
Fifteen years of epidemic HIV: Novel risk behavior in South African teens in 2010 PI: Christina Psaros			
This R03 will explore how the experiences of “second generation” South African adolescent women, where HIV infection rates are among the highest in the world, may impact current HIV risk behavior with the ultimate goal of learning how to best intervene in order to reduce rates of HIV in the future.			
Role: Mentor —assisted with grant conceptualization, writing, and provide continued mentorship and supervision for implementation.			

2011-2013	Mentor	R03CA157200	
Intervention Development to Increase Chemotherapy Tolerance in Elderly Cancer Patients PI: Lara Traeger			
The purpose of this is to develop an intervention to improve chemotherapy adherence and completion in elderly patients receiving adjuvant chemotherapy for colorectal cancer.			
Role: Mentor – this is a mentored R03 and my role is to oversee the project and supervise with respect to implementation, conceptualization, design, and day to day needs.			

2011-2014	Co-Principal Investigator	1R34MH095584-01 (Mayer) NIMH	≈\$375,000
Optimizing Antiretroviral-based Prevention by Enhancing PrEP Adherence in MSM			
Optimizing Antiretroviral-based Prevention by Enhancing PrEP Adherence in MSM The aim of this study was to develop an optimal Antiretroviral Chomprophylaxis prevention package, including combined biomedical and behavioral approaches to HIV prevention, to decrease HIV incidence in MSM			
Role: Co-PI / behavioral scientist			

2011-2015	Co-Investigator	5R01DA031081 (Boyer)	
A mobile, personalized intervention with real-time adaptation to HAART adherence			
This study seeks to develop and preliminarily test a movable based adaptive intervention to improve HAART adherence in stimulant users.			

PI: Edward Boyer
Role: Consultant

2011-2014	Consultant	5R34DA031058-02 (Moore)	
Personalized text messages to improve ART adherence in HIV+ methamphetamine users PI: David Moore, PhD			
The goal of this project is to further develop and refine a personalized, automated, real-time, mobile phone, text messaging intervention (iTAB) designed to improve adherence to ART medications among HIV+/METH+ persons.			
Role: Consultant regarding adherence intervention implementation, research design, and assessment.			

2011-2014	Mentor and Co-Principal Investigator	1R34DA031028	
Behavioral Activation and HIV Risk Reduction for MSM with Crystal Meth Abuse PI: Matthew J Mimiaga			
The study aims to test a novel treatment for crystal meth use in MSM, incorporating behavioral activation therapy with HIV risk reduction counseling. If the current RCT pilot is effective at reducing HIV acquisition risk behavior and crystal meth use, the next grant (NIDA R01) will work on a combined dissemination and efficacy study—conducting the intervention in drug abuse treatment clinics for MSM, and delivered by drug abuse counselors.			
Role: Mentor and co-principal investigator —assisted with grant conceptualization, writing, and provide continued mentorship, supervision, and co-leadership for implementation.			

2011-2014	Mentor/Consultant	5R34DA032411-02	
Heart to HAART: smartphone intervention to improve HAART adherence for drug users PI: Seth Himelhoch, PhD			
The goal of this R-34 application is to further develop and pilot test a smartphone based intervention called HEART (Helping Enhance Adherence to Retroviral therapy using Technology) to HAART, to enhance adherence to HAART among HIV infected drug users.			
Role: Consultant re: intervention development and testing			

2011-2014	Mentor/collaborator	R21DA033720	
PI: Matthew Mimiaga			
This proposal was to develop and pilot test a new intervention that will use mobile phone technologies to reduce sexual risk taking in MSWs in Chennai and Mumbai.			
Role: Mentor/collaborator			

2011-2016	Co-Mentor	5K23MH095655-02 (Matthews)	
Periconception HIV risk reduction for HIV-discordant couples in Uganda PI: Lynn Matthews, PhD			
The goal of this project is to examine prevalence and predictors of pregnancy and fertility desire among HIV-discordant Ugandan couples on ART for treatment or PrEP for prevention,			

and to examine how fertility desire and pregnancy impact periconception adherence to ART or PrEP.			
Role: Co-Mentor			

2011-2016	Investigator	1U01HD068040-01	
Adolescent Trials Network PI = Kenneth H. Mayer			
A multi-disciplinary collaboration of HIV prevention and treatment researchers and community health providers serving at-risk and HIV-infected adolescents in Greater Boston			
Role: Co-investigator (to 2015, changed to consultant/co-investigator in 2015 after I moved to University of Miami)			

2011-2017	Mentor and Co-Principal Investigator	1R01MH095624-01 NIMH (O’Cleirigh)	
HIV Prevention and trauma treatment for MSM with childhood sexual abuse histories. PI: Conall M. O’Cleirigh			
This is a two-site R01 efficacy study to integrate the treatment of childhood sexual abuse with HIV prevention programming in high-risk men who have sex with men and have childhood sexual abuse histories. It uses Cognitive Processing Therapy as a key intervention component.			
Role: Co-principal investigator			

2011-2022	Principal Investigator	9K24 DA040489 K24 MH094214-01 (2011-2016)	≈1.2 mil
Addressing Psychosocial Comorbidities in HIV treatment and Prevention			
This k24 involves mentoring junior investigators in behavioral interventions related to HIV treatment and prevention, with a specific focus on associated psychosocial syndemics relevant to HIV prevention and care. It also involves a small associated research project on this topic, which has mentees involvement. The first five years was funded by NIMH, and the renewal (starting in 2016) funded by NIDA.			
Role: PI			

2012-2013	Co-mentor	R36DA034513-01	
Mediators of the Relationship between Depression and HIV Medication Adherence PI: Jessica F. Magidson			
The goal of this study is to identify mediators of the association of depression with HIV medication adherence in those with HIV who are on antiretroviral therapy.			
Role: Co-mentor			

2012-2013	Co-Mentor	HIV Prevention Trials Network 0080.0180	
Impact of Latino ethnicity among Black MSM in an HIV prevention intervention. PI: Andres Bedoya			

The project's primary aim is to explore HIV-related high-risk behavior among Latino Black and non-Latino Black MSM; based on available data of Black MSM who participated in the Brother's Study (HPTN 061)			
Role: Co-Mentor – assisted in the conceptualization of the grant and development of the analysis design, as well as provided mentorship on further professional development and grantsmanship.			

2012-2014	Mentor/collaborator	1R03HD072602-01	
Assessing providers' reproductive counseling practice for South Africans with HIV PI: Lynn Matthews, PhD			
The goal of this project is to conduct in-depth interviews to explore views and practices of HCWs (counselors, nurses, doctors) providing reproductive counseling to HIV+ men and women in public sector clinics near Durban, South Africa, and to interview HIV+ men and women seeking care from these clinics to explore their experiences with reproductive counseling.			

2012-2015	Consultant	1R34MH096607	
Intervention development for social stress, mental health, and HIV risk among MSM PI: John Pachankis			
This project aims to develop a theoretically-driven intervention that reduces the health-depleting effects of minority stress through targeting the basic psychosocial mechanisms linking minority stress to HIV risk behavior.			
Role: Consultant re: intervention development and testing			

2012-2015	Associate Director	NIMH, 5T32MH093310 (Henderson)	
The MGH Global Psychiatric Clinical Research Training Program			
This is a training program to prepare researchers in global mental health in resource constrained areas, with a particular focus on Africa.			
Role: Psychologist / Associate Director, mentor and advisor to the trainees, serve on selection committee, speak at seminar / lectures for trainees			

2012-2015	Mentor/collaborator	1R34MH097588	
Telemedicine to improve depression and adherence in HIV+ women in the rural south PI: Mirjam-Colette Kempf			
The goal of this project is to develop an effective intervention that significantly improves clinical outcomes in HIV-infected women by decreasing depression morbidity and simultaneously increasing both adherence to antiretroviral therapy (ART) and retention in care.			
Role: Mentoring Dr. Kempf in the overall project / design and implementation			

2012-2016	Consultant	EI11-LA-002	
-----------	------------	-------------	--

		California HIV Research Program	
Los Angeles County PATH: PrEP and TLC+ for HIV Prevention PI: Raphael Landovitz			
This award is for a demonstration project for HIV prevention among HIV-positive individuals (a test-and-link-to-care strategy) and HIV-negative individuals (a PrEP-based strategy).			
Role: Consultant re: adherence counseling for the PrEP based strategy.			

2012-2017	Role: Co-Investigator: Mentor/collaborator	1K23MH096647-01A1 (Blashill)	
Body image and self-care in HIV-infected MSM PI: Aaron Blashill, PhD			
The goals of this project are to develop a novel intervention which addresses body dissatisfaction, syndemic to depression, secondary HIV prevention, and HAART adherence among HIV-infected MSM. With mentorship, this intervention will be developed through an initial iterative process, and then piloted in a randomized control trial.			
Role: Primary Mentor			

2012-2017	Mentor	1K23MH096651-01 (Psaros)	
Perinatal depression, stigma, social capital utilization and PMTCT adherence PI: Christina Psaros, PhD			
The goals of the proposed project are to (1) investigate the relationships among perinatal depression, stigma, social capital utilization and PMTCT adherence, and (2) to test a pilot intervention to treat perinatal depression and improve adherence to ARVs among HIV infected women in a resource limited setting.			
Role: Primary Mentor			

2013-2015	Co-Investigator	1R21DA035113 (Mimiaga and Biello, MPIs)	
HIV risk for MSM sex workers: A social, sexual, & drug network simulation study			
A preliminary epidemiological study of HIV risk behavior in MSM sex workers and their networks over time. MPIs: Matthew Mimiaga and Katie Biello			
Role: Co-investigator; behavioral scientist			

2014-2015 (ended when left Harvard)	Director: Behavioral and Social Sciences Core	NIAID 5P30AI060354	≈1.5 million for the BSSC Core
Harvard University Center for AIDS Research			

Core Director: Safren PI of CFAR: Bruce Walker, M.D.			
This is a center grant, bringing together scientists across disciplines and across the Harvard institutions conducting HIV/AIDS research, providing core support for researchers, as well as scientific programs.			
Role: (Founding) Director of Behavioral and Social Sciences Core			

2013-2017	Co-Investigator	R-1306-03616(Greer); Patient Centered Outcomes Research Institute (PCORI)	
Mobile Application for Improving Symptoms and Adherence to Oral Chemotherapy in Patients with Cancer			
To develop and test the use of a mobile application for improving symptom monitoring and adherence to oral chemotherapy medications in patients with cancer. PI: Joseph Greer			
Role: Co-investigator			

2013-2018	Consultant/Co-Investigator	1R01HL113272-01A1	
Developing a positive psychology intervention to improve cardiac health behaviors			
This study utilizes positive psychology to develop and test a phone-based intervention to improve health behaviors in individuals who had been admitted with ACS. PI: Jeffrey Huffman			
Role: Consultant (formally Co-investigator/behavioral scientist until move to Univ Miami)			

2013-2016	Co-Investigator	American Cancer Society Research Scholar Grant, (Greer) 124138-RSG-13-019-01-CPPB	
Web-based CBT for Anxiety in Patients with Incurable Cancer PI: Greer			
The goal of this study is to adapt our successful CBT intervention for anxiety in patients with incurable cancer to a web-based format and examine the treatment's feasibility and efficacy for administration within both academic and community cancer care settings.			
Role: Co-Investigator/mentor on intervention trial testing			

2013-2017	Co-Mentor	1K23DK097356-01A1 (Chang)	
A group treatment for diabetes treatment adherence and depression in Hispanics PI: Trina Chang			
The goal of the proposed project is to reduce the impact of depression in Spanish-speaking Hispanics with poorly controlled Type 2 diabetes by promoting diabetes treatment adherence, using a group intervention based on enhanced education, motivational interviewing and problem-solving treatment.			
Role: Mentor —assisted with grant conceptualization, writing, and provide continued			

mentorship and supervision for implementation.
--

2013-2014	Mentor	NIAID5P30AI060354 (PI of overall CFAR grant = Bruce Walker)	
Characterizing Alcohol Use and Treatment Barriers in HIV/HCV Co-Infected Patients PI (of scholar award): Allison Labbe			
The goal of the proposed project was to gather information both quantitatively and qualitatively from patients co-infected with HIV and Hepatitis C, particularly around heavy alcohol use and other barriers to treatment. Using this data, we will develop a brief health intervention for patients co-infected with HIV and Hepatitis C.			
Role: Primary Mentor			

2014-2019	Mentor	1K23MH100978-01A1	
Addressing barriers to retention in HIV care for Hispanic immigrants PI: Julie Levison			
The goal of the proposed project is to determine barriers to retention in HIV care for Hispanic immigrants infected with HIV through semi-structured interviews with patients and providers. Using this qualitative data, we will develop and pilot a culturally-tailored intervention to improve retention in HIV care for Hispanic immigrants.			
Role: Primary Mentor			

2014-2019	Co-Mentor	ACS Mentor Research Scholar grant (Traeger)	
Depression, anxiety, and opioid adherence in adults with cancer PI: Lara Traeger			
The goal of this project is to improve cancer pain management through assessing medication adherence, depression, and anxiety. The project will culminate in the development and piloting of a structured cognitive-behavioral intervention to enhance opioid adherence and reduce depression and anxiety symptoms.			
Role: Co-Mentor			

2014 – 2015	Mentor	HIV Prevention Trials Network Scholars Program	
Cultural Beliefs, Disclosure, and Sexual Transmission Risk Behaviors in HIV Infected Women Enrolled in HPTN 063. This is an HPTN sponsored scholar program providing percent effort and resources for a secondary data analysis project from HPTN data to increase diversity in HPTN / HIV prevention investigators.			
PI: Bisola Ojikutu, MD			
Role: Mentor			

2014 – 2016	Mentor	HIV Prevention Trials Network Scholars Program	
-------------	--------	--	--

Community-Level Norms and Sexual Beliefs, Behaviors and STIs in HIV-Infected Men This is an HPTN sponsored scholar program providing percent effort and resources for a secondary data analysis project from HPTN data to increase diversity in HPTN / HIV prevention investigators.			
PI: Dustin Duncan, ScD			
Role: Mentor			

2014-2016	Consultant and Mentor	5R34MH100948 (Matthews)	
ART-Based Safer Conception for HIV+ South African Men Who Want to Have Children PI: Lynn Matthews, MD			
The goal of this project is to develop and test an intervention for promoting early ART for HIV-infected men who want to conceive with at-risk partners.			
Role: Mentor, collaborator (intervention development)			

2014-2016	Co-Mentor	F31MH099922 (Brandt)	
Anxiety reduction treatment for HIV+ individuals PI: Charles Brandt			
The goal of this project is to develop a group-based treatment protocol based on reducing anxiety symptoms in people living with HIV using a transdiagnostic cognitive-behavioral framework, and test its efficacy compared to a control group.			
Role: Co-Mentor			

2014-	Consultant/Behavioral Scientist	UMA1069412	
Fenway Health Clinical Research Unit: Harvard/Boston/ Providence Clinical Trials Unit			
This award provides core funding for NIAID clinical trials for the ACTG, HVTN, and HPTN. At Fenway, the trials units are for both vaccine trials (HVTN) and HIV prevention trials (HPTN). Pis: Ray Dolin, Kenneth Mayer, and Daniel Kuritzges			
Role: Consultant / behavioral science – (formally Investigator until 2015 when moved)			

2014-2021 (NCE)	Principal Investigator (MPIs: Conall O’Cleirigh and Matthew Mimiaga)	NIMH 1R01MH100627	≈2.2 million
Fostering Resilience to Psychosocial and HIV Risk in Indian MSM			
This is an efficacy / effectiveness trial of a psychosocial intervention that increases self-acceptance and reduces HIV and STI risk in MSM in India.			
Role: Principal Investigator			

2015-2021	Principal Investigator		≈3.2 million
-----------	------------------------	--	--------------

(NCE)	(Contact, MPI with O'Cleirigh)	1 R01 MH103770-01	
Effectiveness of nurse-delivered care for adherence / mood in HIV S. Africa			
The goal of this project is to conduct an effectiveness trial of cognitive behavioral therapy for adherence and depression in HIV-infected patients in S. Africa who have failed first line antiretroviral therapy.			
Role: PI (contact PI)			

2015-	Co-investigator	HIV Prevention Trials Network (HPTN 083) NIAID-funded network study	
A Phase 2b/3 Double Blind Efficacy Study Of Quarterly Injectable Cabotegravir Compared to Daily Oral Tenofovir Disoproxil Fumarate/Emtricitabine (Truvada), For Pre-Exposure Prophylaxis in HIV-Uninfected Men and Transgender Women who have Sex With Men			
This is a large scale, three-step study examining the efficacy of injectable PrEP in MSM and transgender women, with the goal of providing evidence for its FDA approval.			
Role: Senior behavioral scientist: Developing the adherence counseling, as well as behavioral science objectives / endpoints.			

2015-2018	Co-Investigator	1R34MH10408	
Feasibility of short-term PrEP uptake for MSM with episodic high-risk for HIV PI: Ronald Stall (MPI with Kenneth Mayer)			
This study is assessing the feasibility of using PrEP during potential high risk time-limited periods, particularly when going on vacation, for men who have sex with men.			
Role: Co-investigator / responsible for adherence intervention component. Logistics of role changed to consultant when I moved from Harvard to Univ of Miami.			

2015-2019	Primary Mentor	K23MH108439-01 (Dale)	
Striving towards empowerment and medication adherence (STEP-AD)			
The goal of this project is to develop and test a treatment addressing trauma for black women living with HIV. PI: Sannisha Dale, Ph.D.			
Role: Primary Mentor			

2016-2018	Consultant	1R21DK109313-01A1 (NIMH)	
A psychological-behavioral intervention for physical activity in type 2 diabetes PI: Jeffrey Huffman			
This study involves a combination of positive psychology and motivational interviewing as an intervention for type 2 diabetes patients who have low physical activity. The study's primary outcomes will be feasibility and acceptability as well as physical activity measured by accelerometer.			
Role: Consultant			

2015-2020	Collaborator	2R25MH084565-06 (NIMH)	
NIMH Research Education Mentoring Programs for HIV/AIDS Researchers (R25)			
Indigenous HIV/AIDS Research Training (IHART2) Program PI: Karina Walters			
Role: member of Scientific and Community Leadership Council			

2016-2019	Collaborator/Faculty member	5R25CA181000 (NCI)	
Workshop on Methods in Supportive Oncology Research Pis: Jennifer Temel and William Pirl			
The goal of this grant is to create, implement, and evaluate an annual workshop on research methods in palliative care, psychosocial oncology, and symptom management for early investigators.			
Role: Faculty member / collaborator			

2016-2021	Co-Investigator / Site PI	1R01MH109413-01 (NIMH)	
A unified intervention for young gay and bisexual men's minority stress, mental health, and HIV risk PI: John Pachankis			
By addressing key sources of HIV risk among MSM, including stigma-related stress and associated mental health and substance use difficulties, the intervention developed in this project can reduce HIV risk behavior among MSM and therefore the spread of HIV.			
Role: Site PI/Co-investigator			

2016-2021	Mentor	K23DA041901 (Magidson)	
Implementation science research in substance using HIV-positive patients in S. Africa PI: Jessica Magidson, Ph.D.			
This project aims to evaluate the effectiveness and implementation of a lay counselor-delivered cognitive behavioral therapy intervention for HIV medication adherence and substance use in primary HIV care in Cape Town, South Africa. The training plan proposes advanced training in implementation science and qualitative analysis			
Role: Primary mentor			

2016 – 2018	Mentor	HIV Prevention Trials Network Scholars Program	
Substance use and related syndemics in HIV-infected patients in care in international settings. This is an HPTN sponsored scholar program providing percent effort and resources for a secondary data analysis project from HPTN data to increase diversity in HPTN / HIV prevention investigators.			

PI: Carlos Rodriguez-Diaz, Ph.D.
Role: Mentor

2016-2022	Core Co-Director	5P30AI073961 (NIAID)	
The Miami Center for AIDS Research PI: Savita Pahwa			
With various cores, programs, and working groups, this project is the umbrella organization for AIDS research at the University of Miami.			
Role: Co-Director of the Behavioral/Social Sciences and Community Outreach Core			

2017-2018	Mentor	NIMH 1F31MH113481-01A1	
Mechanisms and health impact of insomnia as an HIV comorbidity. PI: Brooke Genkin Rogers			
This project aimed to examine behavioral and biomedical consequences of sleep problems in individuals living with HIV.			
Role: Primary mentor			

2017-2019	Mentor	U54MD002266 NIMHD (Mitrani) Pilot award (Kanamori)	
PI: Mariano Kanamori PROGRESO-II: Developing and Pre-testing a PrEP Social Network Intervention to Promote Latina Seasonal Farmworkers' Progress in the PrEP Cascade			
The goals of this exploratory study are: 1) develop and pre-test scientifically supported and culturally tailored PrEP materials for a social network HIV prevention intervention aimed at increasing Latina seasonal workers' progress along the five positions of the PrEP cascade (Pre-Contemplation, Contemplation, Preparation, Action, Initiation, and Maintenance); and 2) assess the acceptability and usability of these PrEP materials by Latina seasonal workers who use alcohol and/or illicit drugs.			
Role: Mentor			

2017-2019	Mentor	P30AI050409 NIH/NIAID (del Rio) CFAR-ADELANTE (Kanamori)	
PI: Mariano Kanamori PrEPParados: A Social Network Study of Latino MSM for Facilitating Progress in the PrEP Cascade			
The major goal of this project is to understand how PrEP programs can harness the potential of social networks and venue-based affiliations to facilitate Latino MSM's progress in the PrEP cascade.			
Role: Primary mentor			

2017-2022	Scientific Advisor (member of scientific advisory board)	NIH 1K07CA211955	
Building Resiliency Among Survivors of Cancers Diagnosed During Adolescence and Young Adulthood (AYAs): A Relaxation Response Resiliency Program for AYAs (PI: Giselle Perez-Lougee)			
Using self-report and objective measures, this study proposes to develop and test the feasibility, acceptability and preliminary effects of an adapted, virtually delivered, evidence-based program, the Relaxation Response Resiliency Program (3RP), <sup>9</sup> in promoting stress management and coping among survivors of AYA cancers.			
Role: Scientific Advisor			

2017-2022	Scientific Advisor (member of scientific advisory board)	K07CA211107	
Improving Adherence to Endocrine Therapy in Breast Cancer Survivors (PI: Jamie Jacobs)			
The goal of this study is to develop and test a psychosocial behavioral intervention to improve adherence to adjuvant endocrine therapy in women survivors of early-stage, hormone receptor positive breast cancer.			
Role: Scientific Advisor			

2017-2023	Principal Investigator (MPI with Mimiaga)	1R01DA042805 (NIDA)	
Integrated Behavioral Activation and HIV Risk Reduction Counseling for MSM with Stimulant Abuse			
This study is an efficacy trial of an intervention we developed that combines behavioral activation with HIV risk reduction counseling in men who have sex with men at high risk for HIV who abuse stimulant drugs.			
Role: MPI			

2018-2019	Mentor	CFAR Adalante (Kanamori)	
PROGRESO-II: Developing and Pre-testing a PrEP Intervention to Promote Latina Seasonal Farmworkers' Progress in the PrEP Cascade PI:Mariano Kanamori			
This project aims to develop and pilot test an intervention to increase PrEP uptake among Latina seasonal farm workers in S. Florida.			
Role: Mentor			

2018-2020	Mentor	KL2TR002737 (Duthely)	
PI: Lunthita M. Duthely A Multi-Lingual, Culturally-Competent mobile Health Intervention to Reduce Medical Mistrust, Stigma, and Improve Treatment Adherence among Women Living with HIV/AIDS			
This project aims to develop and assess the feasibility and acceptability of a mobile health (mHealth) intervention to increase adherence to care and decrease individual-level barriers for women living with HIV in South Florida. The intervention will be personalized for individual preference and need. The mHealth messaging, which will be delivered in multiple languages (English, Spanish, Haitian Creole), will include reminder messages (HIV appointments, anti-retroviral (ARV) medications, ARV refills), and target barriers (HIV stigma, medical mistrust, low resiliency). The education and training plan proposes training in adapting behavioral interventions; clinical, translational and team sciences; and mixed-methods analysis.			
Role: Primary mentor			

2018-2019	Mentor	CFAR Adalante (Kanamori)	
PrEPParados: A Social Network Study of Latino MSM for Facilitating Progress in the PrEP Cascade PI: Mariano Kanamori			
This project aims to do conduct a network study to examine PrEP uptake/progress across the cascade in Latino men who have sex with men.			
Role: Primary mentor			

2018-	PI of supplement / ancillary study	NIMH-funded qualitative add-on to HPTN 083 (HPTN083-02)	\$594,724
Qualitative ancillary study to: A Phase 2b/3 Double Blind Efficacy Study Of Quarterly Injectable Cabotegravir Compared to Daily Oral Tenofovir Disoproxil Fumarate/Emtricitabine (Truvada), For Pre-Exposure Prophylaxis in HIV-Uninfected Men and Transgender Women who have Sex With Men.			
The parent study is a large scale, three-step study examining the efficacy of injectable PrEP in MSM and transgender women, with the goal of providing evidence for its FDA approval. The qualitative add-on is funded by NIMH and involves collecting data from participants about preferences about products, implementation issues, and barriers and facilitators to product use.			
Role: PI (with mentee Christina Psaros) of this qualitative add-on			

2018-2024	Consultant	5R01MH114708	
MPIs: Melanie Abas (Kings College) and Conall O’Cleirigh (Massachusetts General Hospital/Harvard Medical School). The TENDAI study: Task shifting to treat depression and HIV medication nonadherence in low resource settings.			
This is a two-arm randomized clinical trial in Zimbabwe to examine the effectiveness of an intervention that utilizes lay counselors to deliver problem-solving therapy integrated with			

adherence counseling to treat depression and medication on-nonadherence in individuals with HIV.
Role: Consultant

2019-2023	PI and Center Director	1 P30 MH116867-01	≈\$3.3 million plus institutional support
University of Miami Developmental Mental Health HIV/AIDS Research Center (ARC)			
This center (CHARM – Center for HIV and Research in Mental Health) has the goal of enhancing the infrastructure at the University of Miami to conduct high-impact HIV/AIDS research in mental health. University and community members will be served by the administrative core, the developmental core, and two research cores: one that focuses on HIV/AIDS Disparities and the other that focuses on mental health/psychiatric comorbidities. The goal is to use this developmental funding to transition to full-scale ARC at end of developmental period.			
Role: Center Director (PI)			

2019-2021 (NCE)	Contributor (PI of parent grant)	1 P30 MH116867-01S2 (Safren) Supplement PI: Kanamori	\$150,500
PD: Mariano Kanamori FINISHING HIV: An HIV Protection, Diagnosis and Treatment Network for Latinos			
FINISHING HIV is an innovative outreach program that uses a pharmacy network and a parks network to increase awareness and utilization of HIV protection, diagnosis and treatment services by Latino MSM in Miami-Dade County. This supplement will provide essential data needed for FINISHING HIV's development and rapid implementation, supporting the "End the HIV Epidemic" initiative.			
Role: PI of parent grant, Other significant contributor			

2019-2021	PI of parent grant	3 P30 MH116867-01S1 (Safren) Supplement PI: Tookes	\$150,500
PD: Hansel Tookes Implementation of Telemedicine Test and Treat for on-site initiation of antiretroviral therapy at Miami's IDEA Exchange Syringe Service Program			
This study seeks to lay the groundwork for evaluation and implementation of a telemedicine Test and Treat approach within Florida's first and only legal syringe service program.			
Role: PI of parent grant			

2019-2024	Consultant	PJT-162171(CIHR) and CTN 318	
MPIs: Trevor A. Hart (Ryerson University), Martin Antony (Ryerson University), Syed Noor (Ryerson University), Joel Singer (University of British Columbia), and Darrell Tan (St.			

Michael's Hospital).
Sexual Confidence: Integrating cognitive-behavioural therapy for social anxiety disorder with HIV risk reduction counselling for HIV-negative gay and bisexual men who are at high risk for HIV: A randomized controlled trial
This study is a two-arm randomized controlled trial to test the efficacy of a novel integrated HIV prevention intervention that combines empirically supported treatment for social anxiety disorder, cognitive-behavioural therapy, with HIV risk reduction counselling in order to simultaneously treat social anxiety disorder, substance use disorders, and HIV sexual risk behaviour in gay and bisexual men and other men who have sex with men.
Role: Consultant

2019-2024	PI	NIMH R01 MH118043	\$2.5 million
Evaluation of Life-Steps to Enhance Adherence and Engagement in PrEP Care			
This is a randomized controlled trial, using an adaptive stepped-care design, of text-messaging and Life-Steps adherence counseling to promote engagement and adherence to PrEP in high risk men who have sex with men and suffer from psychosocial syndemics.			
Role: MPI (Contact PI), with Ken Mayer			

2019-2021	Consultant	NIMH 1R21MH118102	
PI: Viraj Patel (Albert Einstein College of Medicine/Montefiore Health System) Impact of multiple stigmas on HIV care continuum outcomes for key populations			
The major goal of this project is to understand how different types of HIV and identity related stigmas impact early HIV treatment engagement outcomes of antiretroviral therapy initiation and retention in care for men who have sex with men and transgender women in India, and to elucidate mediators of this impact. This study will use a cohort design and follow participants longitudinally			
Role: Consultant			

2019-2020	PI of parent grant	3 P30 MH116867-01S3 (Safren) Supplement PI: Dale	\$150,500
PD: Sannisha Dale Five Point Initiative			
This is an innovative outreach project focused on black communities that will be done in close collaboration with community consultants and community organizations. Individuals who come to five different venues as points of contact – corner stores, mechanics, hair/beauty salons, barber shops, and laundromats – will be given a voucher for services at that venue after completing a survey about facilitators and barriers to HIV prevention and treatment.			
Role: PI of parent grant, Other significant contributor			

2019-2020	Contributor (PI of parent grant)	1 P30 MH116867-02S1 (Safren) Supplement PI: Kanamori	\$301,000
PD: Mariano Kanamori FINISHING HIV: An HIV Protection, Diagnosis and Treatment Network for Latinos –			

competitive one year continuation for implementation planning			
FINISHING HIV is an innovative outreach program that uses a pharmacy network and a parks network to increase awareness and utilization of HIV protection, diagnosis and treatment services by Latino MSM in Miami-Dade County. This supplement will provide essential data needed for FINISHING HIV's development and rapid implementation, supporting the "End the HIV Epidemic" initiative.			
Role: PI of parent grant, Other significant contributor			

2019-2020	PI of parent grant	3 P30 MH116867-02S3 (Safren) Supplement PI: Dale	\$600,000
PD: Sannisha Dale Five Point Initiative – 2 year competitive renewal for implementation phase			
This is an innovative outreach project focused on black communities that will be done in close collaboration with community consultants and community organizations. Individuals who come to five different venues as points of contact – corner stores, mechanics, hair/beauty salons, barber shops, and laundromats – will be given a voucher for services at that venue after completing a survey about facilitators and barriers to HIV prevention and treatment.			
Role: PI of parent grant, Other significant contributor			

2019-2020	PI of parent grant and contributor to study	3 P30 MH116867-02S2 (Safren) Supplement PI:Kanamori	\$350,575
PD: Mariano Kanamori DiversiPrEP: Multi-Level Variables Influencing Implementation Success of a Client-Centered PrEP Service Model with Telehealth			
This is an implementation science project is to determine modifiable factors for pre-exposure prophylaxis (PrEP) implementation strategies among Latinos in collaboration with a community agency with HRSA support.			
Role: PI of parent grant, Other significant contributor			

2019-2020	Coinvestigator	1R56MH121194 (Dale)	
PI: Sannisha K Dale Monitoring Microaggressions and Adversities to Generate Interventions for Change (MMAGIC) for Black Women Living with HIV			
This is a longitudinal observational study of microaggressions, adversities, and temporal associations of these stressors on mood and HIV outcomes in HIV-positive Black women living in the greater Miami area. Note: year 1 was funded with an R56 (listed above in "past") and years 2-5 with this R01.			
Role: Coinvestigator			

2019-2020	Mentor	UM Center for Latino Health Research Opportunities/ClaRO Pilot (Harkness)	
Syndemic Barriers and Facilitators to Engagement in HIV-Prevention and Behavioral Health Services for Latino MSM in Miami PI:Audrey Harkness			

This project aims to, longitudinally, examine psychosocial intertwined epidemics among Latino men who have sex with men in the Miami area.			
Role: Mentor			

2019-2020	Mentor	CFAR Developmental Award (Harkness)	
Syndemic Barriers and Facilitators to Engagement in HIV-Prevention and Behavioral Health Services for Latino MSM in Miami PI: Audrey Harkness			
This project aims to, cross sectionally, examine psychosocial intertwined epidemics among Latino men who have sex with men in the Miami area.			
Role: Mentor			

2019-2024	PI of parent grant	3P30MH116867-04S2	≈\$293,642
PIs: Kathryn Nowotny, Steve Safren PrEP Uptake among Justice Involved Peripregnancy Women Who Use Drugs			
The objective of this study is to empower women involved in the criminal justice system by producing formative research for implementation of an HIV prevention intervention for women who use drugs who are at-risk for unplanned pregnancy, are pregnant, or are recently pregnant. This research will lead to the development of an equity-focused approach to HIV prevention and the advancement of reproductive justice and wellbeing for structurally marginalized women.			
Role: PI of parent grant			

2019-2025	PI of parent grant	3P30MH116867-04S1	≈\$399,865
PIs: Audrey Harkness, Steve Safren SOMOS Alianza: Developing a Strategic Alliance across Three HIV Epicenters to Achieve Ending the HIV Epidemic Goals among Latino MSM			
Evidence-based interventions for Ending the HIV Epidemic are insufficiently scaled up to Latino MSM, resulting in HIV disparities. This proposal seeks to form a strategic alliance across these jurisdictions to enhance implementation efforts, lay the foundation for a multi-site R01 implementation- effectiveness hybrid trial, and reduce HIV disparities among Latino MSM.			
Role: PI of parent grant			

2020-2023 2023-2028 (renewal)	Collaborator / Instructor	5UE5CA246746 R25CA246746 (renewal changed from UE5 to an R25)	
Academic Career Skills for Junior Faculty Researchers MPIs: William Pirl and Joseph Greer			
This is an annual three-day workshop for NCI-funded junior faculty in cancer control and population sciences.			
Role: Lecturer (consultant)			

2020-2025	Primary Mentor	5K23MD015690	
Addressing Latino MSM Health Disparities by Increasing Engagement with Behavioral and HIV-Prevention Services: An Implementation Science Approach PI: Audrey Harkness			
This study seeks to evaluate an implementation strategy that involves linking Latino men who have sex with men to behavioral health and HIV prevention services.			
Role: Primary Mentor			

2021-2022	Co-Investigator (PI of parent grant)	3P30MH116867-03S1 (Safren) Supplement PI: Harkness	\$200,000
PD: Audrey Harkness			
The Juntos Referral Network: Planning an Implementation Strategy to Enhance the Reach of HIV Prevention and Treatment Services to Latino MSM and Address Intersectional Insecurities			
This project is to conduct implementation science planning to increase referral to an uptake of mental health and hiv prevention services among Latino MSM where we have learned, from rosepilot work, that word-of-mouth is an important determinant of uptake of services.			
Role: PI of parent grant, Co-investigator of supplement			

2021-2022	Contributor (PI of parent grant)	1 P30 MH116867-03S2 (Safren) Supplement PI: Balise	\$200,000
PD: Raymond Balise Tools to Visualize and Summarize HIV Resources, Disease Burden and EHE Interventions in Miami-Dade County			
This is a planning project to work collaboratively with the Miami / Florida Department of Health to better develop data visualization tools to help monitor the effectiveness and reach of the EHE prevention projects that are happening in the local geographic area.			
Role: PI of parent grant, Other significant contributor			

2021-2024	Co Investigator	1T32MH126772-01(Feaster, Dale, Horigan)	
Culturally-focused HIV advancements through the next generation for equity (CHANGE) Training Program			
This is an NIMH funded T32 falling under the umbrella of CHARM (UM NIMH P30 which I direct) to train underrepresented predoctoral and post-doctoral trainees in HIV-related mental health and health-disparities research .			
Role: Faculty member, Chair of Internal Advisory Board, Director of the Center Grant / University Center that this is affiliated with.			

2021-2025	Coinvestigator	1R01MH121194 (Dale)	
PI: Sannisha K Dale Monitoring Microaggressions and Adversities to Generate Interventions for Change (MMAGIC) for Black Women Living with HIV			
This is a longitudinal observational study of microaggressions, adversities, and temporal associations of these stressors on mood and HIV outcomes in HIV-positive Black women living in the greater Miami area. Year 1 was funded with this R56 mechanism and years 2-5 are funded with an R01 listed below.			
Role: Coinvestigator			

2021-2026	Consultant	1R34MH125706 (Lopez)	
Development and Feasibility Testing of an Integrated PTSD and Adherence Intervention Cognitive Processing Therapy-Lifesteps (CPT-L) to Improve HIV Outcomes			
The overarching goal of this study is to conduct a pilot randomized trial of CPT-L in patients with HIV who are at risk for virologic failure.			
Role: Consultant – training and supervision of the Life-Steps intervention, and on design of the trial.			

2021-2023	Co-investigator	5R34DA046367 (Carrico)	
Adaptive intervention strategies to optimize PrEP clinical evaluation and uptake in stimulant-using men			
The overarching goal of Positive Reinforcement Intervention and Sustained Motivation (PRISM) is to adapt and pilot test scalable, evidence-based motivational enhancement interventions to optimize PrEP clinical evaluation and PrEP uptake in stimulant-using MSM.			
Role: Co-investigator.			

2021-2026	Co-site PI	2R24AI067039	
Site PIs: Allan Rodriguez, MD, Steven Safren, Ph.D; PI of overall = Michael Saag at UAB CFAR Network of Integrated Clinical Systems (CNICS)			
CNICS is a clinic-based research network that reflects the outcomes of clinical decisions and management options used in the care of HIV infected individuals at 8 CFAR sites			
Role: Co-site PI			

2021-2026	Co-I	R01MH128868	≈5.9 million
PIs: Adam Carrico, Robert Paul, (Safren 2021-2022) Treatment Research Investigating Depression Effects on Neuroimmune Targets (TRIDENT)			
This mechanistic randomized controlled trial will advance our understanding of the causal pathways whereby cognitive-behavioral treatment for depression alters the microbiome-gut-brain axis in people living with HIV.			

Role: MPI, then co-I with change of primary institution of contact PI
---

2022-2025	Co-investigator	1R34DA057150-01	
PI: Lunthita M. Duthely mCARES: An HIV Adherence Intervention to Support Racial/Ethnic Minority Women with/at-risk of Substance Use and Mental Health Disorders			
Ending the US HIV epidemic will require evidence-based approaches tailored to the needs of racial/ethnic minority women—not often considered. This project fills a gap for personalized, mobile/patient navigation HIV adherence interventions for women of diverse cultural/linguistic backgrounds, living in a US HIV epicenter.			
Role: Co-investigator and mentor			

2022-2027	Co-investigator	R01DA056102	
PI: Magidson Stepped Care, Peer-Delivered Intervention to Improve ART Adherence and SUD in Primary Care			
Hybrid Type 2 Effectiveness-Implementation trial to evaluate a task shared, peer-delivered intervention using a stepped care approach to improve ART adherence in real-time among individuals living with HIV in South Africa.			
Role: Co-investigator			

2022-2024	PI of parent grant	3P30MH116867-04S1	≈\$399,865
PIs: Audrey Harkness, Steve Safren SOMOS Alianza: Developing a Strategic Alliance across Three HIV Epicenters to Achieve Ending the HIV Epidemic Goals among Latino MSM			
Evidence-based interventions for Ending the HIV Epidemic are insufficiently scaled up to Latino MSM, resulting in HIV disparities. This proposal seeks to form a strategic alliance across these jurisdictions to enhance implementation efforts, lay the foundation for a multi-site R01 implementation- effectiveness hybrid trial, and reduce HIV disparities among Latino MSM.			
Role: PI of parent grant			

2022-2024	PI of parent grant	3P30MH116867-04S2	≈\$293,642
PIs: Kathryn Nowotny, Steve Safren PrEP Uptake among Justice Involved Peripregnancy Women Who Use Drugs			
We propose a mixed-methods investigation in Miami-Dade County—one of the sites for the EHE initiative—to (1) identify the barriers and facilitators to implementing PrEP; (2) understand the multilevel barriers to HIV risk reduction and reentry from the perspective of the patient; and (3) select and adapt an evidence-based or evidence-informed intervention strategy. The objective of this study is to empower CJ-involved women by producing formative research for implementation of a PrEP intervention strategy for peripregnancy CJ-			

involved women who use drugs (WWUD).
Role: PI of parent grant

2023-2028	PI and Center Director	1 1P30MH133399	≈\$7.5 million plus institutional support
The University of Miami AIDS Research Center on Mental Health and HIV/AIDS - Center for HIV & Research in Mental Health (CHARM)			
After a 4-year developmental center award, this grant provides support for a full NIMH-funded AIDS Research Center at the University of Miami. The overarching theme is to promote, develop, and support high-impact, high- quality, community-engaged HIV research addressing mental health and related disparities as a scientific, strategic, and mentoring resource to end the HIV epidemic at the University of Miami and partnering institutions. This is accomplished via research services provided by the center's 5 research cores.			
Role: Center Director (PI)			

2023-2026	Co-investigator / Mentor	R34 MH134670 (NIMH)	
PI: Audrey Harkness			
Enhancing HIV Prevention and Treatment Referral and Engagement among Latino MSM: A Pilot Hybrid Effectiveness-Implementation Trial of the JUNTOS Referral Network			
Hybrid Type 2 Effectiveness-Implementation trial to evaluate a referral network for Latino MSM based on our successful EHE supplement.			
Role: Co-investigator / Mentor			

2023-2025	Primary Mentor	1R36DA058563 (NIDA)	
PI: Elliott Weinstein			
Exploring the Role of Novel Aging-Focused Syndemic Conditions on HIV Risk and Quality of Life among HIV-Negative Older Sexual Minority Men			
Dissertation grant from NIDA exploring syndemic issues related to aging in sexual minority men.			
Role: Mentor and Dissertation Chair			

2023-2024	PI of parent grant	3P30MH133399-01S1	≈\$230,250
PIs: Candace Sternberg, Steve Safren			
Nou La We are Here Biomedical Prevention for People of Haitian Descent			
This proposal “Nou La” (We’re Here): Biomedical Prevention for People of Haitian Descent” will be used to develop an implementation strategy called “L’Union Fait La Force (Unity			

Makes Strength): Increasing PrEP Reach” which will increase the use of pre-exposure prophylaxis among people of Haitian descent in Miami, FL.			
Role: PI of parent grant			

2023-2024	PI of parent grant	3P30MH133399-01S2	≈\$232,489
PIs: Guillermo (Willy) Prado, Steve Safren Improving HIV care continuum outcomes among formerly incarcerated individuals through critical time legal interventions			
The proposed study, led by the University of Central Florida (Hispanic Serving Institution), together with the University of Miami, and Hope and Help Inc., aims to pilot test a comprehensive critical-time intervention medical legal partnership (CTI-MLP) approach to optimize timely HIV linkage, retention and viral suppression among formerly incarcerated individuals.			
Role: PI of parent grant			

2023-2024	PI of parent grant	3P30MH133399-01S3	≈\$230,156
PIs: Mariano Kanamori, Steve Safren CERCA DE TI: Leveraging an Established Academic and CVS Health® Partnership to Advance Biomedical HIV Prevention with a New Pharmacy-Based PrEP Program			
CERCA DE TI (“Close to You” in Spanish) is a new pharmacy chain-based PrEP program that will leverage CVS Health services and infrastructure to help Latinx learn about PrEP, decide if PrEP is relevant for their lives, access PrEP, and sustain PrEP use. The goals of this EHE pilot study are to explore and plan the groundwork needed for the future implementation of CERCA DE TI, and to determine if the necessary resources are available for effective future implementation.			
Role: PI of parent grant			

2023-2026	Consultant/co-investigator	5R34DA057169-02	
PI: Conall Michael O’Cleirigh Treatment Development for Smoking Cessation and Engagement in HIV/TB Care in South Africa			
The purpose of this study is to integrate elements from existing interventions developed by our team into a single intervention (QUIT-AD), designed to improve smoking cessation and favorable HIV/TB treatment outcomes among individuals with HIV and/or TB in Cape Town, South Africa.			
Role: Consultant/co-investigator			

2024-2028	Co-Investigator	1R01MH135833-01	
PI: Sannisha Dale A Randomized Control Trial of Striving Towards EmPowerment and Medication Adherence (STEP-AD) among Black Women Living with HIV			

This is a trial of an intervention / trauma treatment for Black Women living with HIV.

Role: Co-investigator: this study is the next step of Dr. Dale's successful K23 award which I was the primary mentor for.

2024-2029	Contact MPI	1R01MH136972-01	≈\$3.7 million
MPIs: Steven Safren, John Joska, Conall O'Cleirigh Implementing depression and adherence treatment in S. Africa HIV care			
This is a Type 3 Hybrid Implementation Effectiveness study focused on implementation strategies to extend the reach of depression treatment in patients living with HIV in S. Africa care clinics.			
Role: Contact PI			

2024-2029	Co-investigator/Mentor	1R01MH138237-01	
PI: Audrey Harkness Leveraging a Strategic Alliance of Community-Based Implementers and Researchers to Characterize, Protocolize, and Scale Up Local Implementation Strategies for Ending the HIV Epidemic among Latino MSM			
This study will identify, assess, and scale up culturally relevant implementation strategies used by HIV organizations to improve PrEP and mental health/substance use treatment reach to Latino MSM, using innovative methods and developing a user-centered dashboard to disseminate these strategies across US HIV Epidemic jurisdictions.			
Role: Co-investigator/mentor			

2024-2029	Co-investigator/Mentor	1K01AA031949-01	
PI: Thomas Otto Walton Understanding and preventing heavy drinking and related HIV-risk behavior among active-duty men who have sex with men			
The present 2-phase study seeks to develop a trauma-informed internet-based personalized feedback interventions (iPFI) targeting both heavy drinking and sexual risk behavior among AD-MSM.			
Role: Co-investigator/mentor			

2024-2029	Scientific Advisory Board Member	1K23MH135748-01	
PI: Jasper Samuel Lee Developing and piloting a multilevel intervention to address psychosocial and structural syndemics in people with HIV in South Africa			
This study proposes to: 1) explore the complex interrelationships between syndemic problems and explore attitudes to potential intervention components; 2) develop a multilevel intervention to address syndemic problems and improve adherence (CBT-SA); 3a) assess the feasibility and acceptability of CBT-SA in a pilot RCT; and 3b) identify barriers and facilitators of CBT-SA engagement.			

Role: Scientific Advisory Board Member
--

2024-2025	Mentor	1 P30 MH116867-01	
Impact of human-animal interactions on anxiety, depression, and viral suppression			
Developmental Pilot Award via University of Miami Developmental Mental Health HIV/AIDS Research Center (ARC). Candidate will be examining the use of pets as a therapeutic agent for people living with HIV, laying the groundwork for future study.			
Role: Mentor (and PI of parent center grant)			

### Pending Grants:

2024-2029	MPI		≈\$2.5 million
MPIs: Matthew Mimiaga (contact), Steven Safren Addressing HIV Among the Highest Risk Sexual and Gender Minorities in India			
This is a Type 1 Hybrid Implementation Effectiveness study of a mobile-phone and in-person based intervention for men who have sex with men and transgender women sex workers in India.			
Role: MPI *note – this grant received a priority score of 23 which was the 6 <sup>th</sup> percentile. However, it is currently in limbo with respect to India Department of State Approval			

## 22. Editorial responsibilities:

### Editor and Associate Editor Roles

2005-2006 (6 months) Guest Associate Editor, Cognitive and Behavioral Practice

2007-2012 Associate Editor, Cognitive and Behavioral Practice

2013-2016 Editor, Cognitive and Behavioral Practice (impact factor rose from 1.7 to 2.5 in these years; 5 year rose from 1.9 to 2.6)

2016-2022 Journal of Consulting and Clinical Psychology, Associate Editor.

2022- Associate Editor, AIDS and Behavior

2022- Oxford University Press “Treatments that work” Book Series. Editor of the division for “Programs that work” – (Behavioral medicine section).

2023- Deputy Editor, Journal of the International AIDS Society (JIAS).

### Editorial Boards: Membership

2001-present Cognitive and Behavioral Practice

2001-2005, Special Column Editor: Diversity Issue

	2009: Special series co-editor: Cognitive behavioral interventions with sexual minority men across the lifespan.
2005-2013	Behavior Therapy, Editorial Board Member
2005-2014, 2016-2020	Journal of Behavioral Medicine, Editorial Board Member
2007-present	AIDS and Behavior, Editorial Board Member
2008-2015	Journal of Attention Disorders, Editorial Board Member
2008-present	AIDS Education and Prevention, Editorial Board Member
2008-2009	The Journal of ADHD and Related Disorders, Editorial Board Member
2009-2014	Annals of Behavioral Medicine, Editorial Board Member
2010 -2022	Health Psychology, Editorial Board Member
2015-2018	Publications Coordinator, ABCT (oversaw ABCT publications including <i>the Behavior Therapist</i> , <i>Cognitive and Behavioral Practice</i> , and <i>Behavior Therapy</i> , as well as web and other publications for the organization; chaired search for editors for these publications).

**23. Professional and Honorary Organizations (member; officer; date):**

1993-present	Member	American Psychological Association
1996-present	Member	Association for Behavioral and Cognitive Therapies (ABCT, formerly Association for the Advancement of Behavior Therapy, AABT)

1999-2002	Member	Massachusetts Psychological Association
2000-2003	Chair	Special Interest Group for the Study of GLBT Issues, Association for the Advancement of Behavior Therapy
2002-2014	Member	Society of Behavioral Medicine
2009-2012	Board Member, Practice Sample Coordinator (2010-2012)	American Board of Professional Psychology (ABPP), Cognitive Behavioral Therapy
2023-2026	President Elect	Association for Behavioral and Cognitive Therapies. Elected in Nov 2022. President-Elect and board member for three years starting Nov. 2023-2-24, President Nov 2024-25  Past President Nov 2025-26.

**24. Honors and Awards:**

1991	Cum Laude, High Honors, and Catherine A. Chernosky Award	Brandeis University
1997	Special Interest Group for the Study of Gay and Lesbian Issues: Student Research Award	Association for the Advancement of Behavior Therapy
1998	Emerson Research Award	Massachusetts General Hospital/Harvard Medical School, Department of Psychology
2004	Book Award, Division 44 (Society for the Psychological Study of Lesbian, Gay, and Bisexual Issues)	American Psychological Association
2010	Fellow	American Psychological Association, Division 44 (Society for the study of lesbian, gay, bisexual, and transgender concerns)
2015	Pioneer Award for Outstanding Contributions to HIV Adherence Science / Practice	9th International Conference on HIV Treatment and Prevention; International Association of Providers in AIDS Care (IAPAC)

2018	Fellow, Association for the Behavioral and Cognitive Therapies (ABCT)	52nd annual meeting of the Association of Behavioral and Cognitive Therapies, Washington, DC. November, 2018.
2019	Cooper Fellow	College of Arts and Sciences, University of Miami
2019	Book Award, Division 44 (Society for the Psychological Study of Lesbian, Gay, and Bisexual Issues)	American Psychological Association
2019	“CBT Pioneer”	Association for Behavioral and Cognitive Therapies (ABCT), web series for influential thinkers, researchers, and practitioners in the field.
2020	Champion of Equality Award (Hall of Champions)	SAVE-LGBTQ (Safeguarding American Values for Everyone), Annual Gala, Miami FL.
2021	Provost Award for Scholarly Activity (PASA); Awarded in 2021 for 2018-2019 period	University of Miami, 24 <sup>th</sup> Annual Award
2024	Distinguished Faculty Scholar Award	University of Miami (recognizes one faculty member at UM each year for a lifetime of distinguished accomplishment)

## **25. Post-Doctoral Fellowships:**

1998-1999	Post-Doctoral Fellowship	Psychology (CBT)	Harvard Medical School/Massachusetts General Hospital, Boston, MA
-----------	--------------------------	------------------	---

## **26. Other Professional Activities (e.g., papers presented; performances; conference proceedings; seminar or conference panel member; catalogue work; etc.):**

### **Local Presentations**

1998	Suicidality and related factors in lesbian, gay, and bisexual youth compared to heterosexual youth	Grand Rounds/Emerson Award Presentation	Massachusetts General Hospital, Department of Psychiatry
1999-2008	Teach regular seminars in CBT	Seminar Leader/Instructor Cognitive Behavioral Therapy Program	Massachusetts General Hospital, Department of Psychiatry
1999-2004	Teach 1-2 seminars per year and/or supervise evaluations on anxiety disorders or CBT for anxiety disorders	Instructor/Supervisor, Anxiety disorders rotation	Massachusetts General Hospital, Department of Psychiatry
2002	Cognitive behavioral therapy for HIV medication adherence and depression	Infectious Disease Unit/Partners Center for AIDS Research Clinical Conference	Massachusetts General Hospital
2002	CBT and similarities to general psychotherapy	Psychotherapy Seminar	MGH Psychiatry Department, psychotherapy seminar.
2003	HIV/AIDS care in India: Urban settings	Health Care Strategies for HIV/AIDS in Limited-Resource Settings Conference	MGH Institute for Health Professions; Harvard Medical School, Division of AIDS
2005	Behavioral aspects of HIV care	Grand Rounds	Massachusetts General Hospital
2005	Cognitive behavioral therapy for ADHD in adults	Grand Rounds	Mt. Auburn Hospital, Department of Psychiatry/Harvard Medical School
2005	Development of and testing cognitive behavioral therapy for ADHD in adults	Grand Rounds	Massachusetts General Hospital, Department of Psychiatry
2005-2008	CBT Seminar leader-Residency	Teach yearly seminar in CBT to PGY 3 Residents	Massachusetts General Hospital, Department of Psychiatry
2006	Cognitive behavioral therapy for ADHD in adults	Grand Rounds and Seminar	Cambridge Hospital/Harvard Medical

			School, Psychiatry Department
2007	Considerations in HIV secondary prevention research	The Continuing Challenge of Prevention HIV/AIDS Symposium	Harvard Center for AIDS Research and Harvard University Global Health Initiative
2010	Addressing mental health and psychosocial problems in the context of promoting MSM sexual health	Speaker	Fenway Community Health. CDC funded national conference on the Sexual Health of Gay Men and other MSM.
2010	Intervention Development	Presenter	Fenway Community Health, Fenway Institute
2010	Connecting Community Health Providers for Collaboration and Research Endeavors	Panelist at Leadership and Faculty Development Conference 2010	Office for Diversity and Community Partnership Harvard Medical School
2012	Optimizing Secondary Prevention	Presenter	Harvard Center for AIDS Research Symposium on ART for Prevention
2013	Psychosocial issues in ART and HIV Prevention	Presenter	Fenway Institute 2-day community stakeholders symposium on antiretroviral for prevention
2014	LGBT Research in Global Settings	Presenter	Harvard Global Women's Health Research Retreat
2015	Intertwined Epidemics: Mental Health and HIV	Speaker	University of Miami Project Share / CFAR
2016	Bringing lessons from international research home	Invited Speaker	CFAR Social /Behavioral Sciences Research Network (SBSRN), Miami
2020	Finding the Middle Ground: Managing Stress and Anxiety while Providing Clinical Care during the COVID-19 Crisis	Webinar leader	University of Miami (UM) – CHARM webinar for medical providers at UM

2020	Managing Anxiety	Webinar workshop offered separately at the University of Miami to 1) nurses/health professionals, 2) faculty physicians, 3) house staff, 4) support staff	University of Miami – CHARM and Department of Psychiatry Wellness Series
2020	Building resilience – using cognitive behavioral skills to manage stress and anxiety during COVID-19	Webinar for nurses during Nurses’ week	Baptist Hospital, Miami Florida
2020	Are you staying mentally fit while physically distancing	Webinar leader	University of Miami Advancement Office – Presentation to Alumni
2020	Staying socially connected and mentally fit while physically distancing	Webinar leader	Presentation for SAVE LGBTQ, Miami Florida
2020	Physical distancing, loneliness, burnout, and depression during COVID-19	Presentation	UM Faculty Senate
2020	Coping with COVID-19 burnout	Presentation	UM Miller School of Medicine, Faculty Council

### Regional Presentations and Courses

1999	Cognitive behavioral therapy	Two seminars on CBT for counselors	Fenway Community Health, Research and Evaluation Department	Boston, MA
------	------------------------------	------------------------------------	---	------------

1999	HIV medication adherence	Fenway Forum: a training for mental health professionals	Fenway Community Health	Boston, MA
2003	HIV self-care and depression	Presentation for medical providers	Fenway Community Health	Boston, MA
2003	Use of technology in behavioral assessments and interventions	Symposium Chair	Annual meeting of the Association for the Advancement of Behavior Therapy	Boston, MA
2005, 2006, 2008 - 2010	Guest lecturer (1 lecture)	Guest lecture for Dr. David Barlow's course for advanced psychology students	Boston University Psychology Course	Boston, MA
2006	Behavioral interventions for adherence in HIV: Studies conducted at Fenway Community Health and Massachusetts General Hospital	Research In Progress Meeting	Brown/Tufts/Lifespan Center for AIDS Research	Providence, RI
2008	CBT: The basics	Grand Rounds	St. Joseph Hospital	Nashua, NH
2009	Interventions for HIV medication adherence	Grand Rounds	University of Massachusetts Medical Center	Worcester, MA
2010	Psychosocial Intervention Development	Taught a "brown bag" seminar on behavioral intervention development for HIV prevention	Fenway Institute at Fenway Community Health	Boston, MA
2010	Mental health concerns and HIV risk in MSM	Taught a guest lecture on mental health concerns and HIV risk reduction interventions	Fenway Institute at Fenway Community Health	Boston, MA
2014	CBT for Adult ADHD	One hour course to behavioral health clinicians	Fenway Health	Boston, MA
2015	CBT & Psychosocial Treatments in ADHD (Adults)	Speaker / lecturer	MGH Psychiatry Academy CME	Boston, MA

			Course: ADHD Across the Lifespan	
--	--	--	-------------------------------------	--

### **Selected\* National Presentations and Courses**

*\*Dr. Safren has been part of over 200 presentations (not all of them are listed below), and most data-based single study presentations are now published and are referenced in publication section.*

1997	Applying behavioral principles and empirical findings to gay, lesbian, and bisexual clinical issues	Clinical Roundtable	Association for the Advancement of Behavior Therapy (AABT) Annual Convention	Miami, FL
1997	Suicidality and Related Factors in Lesbian, Gay, and Bisexual Youth	Symposium Presentation	AABT Annual Convention	Miami, FL
1999	Cognitive-behavioral interventions for adherence to HIV medications	Grand Rounds	Memorial Sloan Kettering Hospital / Cornell Medical School, Department of Psychiatry	New York, NY
1999	Suicidality and related factors in sexual minority youth	Grand Rounds	NYU Child Study Center	New York, NY
1999	Application and Outcome of a Single-Session Cognitive-Behavioral Intervention (Life-Steps) to Increase Adherence to HIV Medications	Symposium Presentation	AABT Annual Convention	Toronto
1999	Adherence to HIV Antiretroviral Medications: Application of Cognitive-Behavioral Theory and Intervention	Symposium Chair	AABT Annual Convention	Toronto
2000	The continuing need for diversity in cognitive-behavioral therapy, training and research	Clinical Roundtable	AABT Annual Convention	New Orleans, LA
2001	Behavior research and therapy with lesbian, gay, and bisexual individuals	Symposium Discussant	AABT Annual Convention	Philadelphia, PA

2001	Study of Gay, Lesbian, Bisexual, and Transgendered Issues	Special Interest Group Leader	AABT Annual Convention	Philadelphia, PA
2001	Use of an On-Line Cue-Controlled Paging System to Increase Adherence to HIV Antiretroviral Medications	Symposium Discussant	AABT Annual Convention	Philadelphia, PA
2002	Efficacy to real-world effectiveness: CBT for social anxiety disorder in diverse and complex clients	Symposium Chair	AABT Annual Convention	Reno, NV
2002	A Comparison of Methods for Assessment of HIV Medication Adherence	Symposium Presentation	AABT Annual Convention	Reno, NV
2003	Use of Technology in Behavioral Assessments and Interventions	Symposium Chair	AABT Annual Convention	Boston, MA
2003	Behavioral Medicine: Research and Treatment of Medical Populations	Symposium Discussant	AABT Annual Convention	Boston, MA

2023	Applying Evidence-Based CBT Principles to Health Promotion and Care in HIV	Presenting Speaker	Boston University Department of Psychological and Brain Sciences	Boston, MA
2024	Integrating mental health treatment with behavioral medicine approaches in HIV	Presenting Speaker, Grand Rounds	Department of Psychiatry, Stanford University	Stanford, CA (virtual)
2024	Cognitive behavioral therapy for adult ADHD	Training to clinicians and residents – 2 1.5 hour workshops	Department of Psychiatry Montefiore Medical Center	New York, NY (virtual)

### International Invited Presentations and Courses

2002	Use of wireless devices for reminder cues for HIV medication adherence	Invited Speaker	Association of Clinical Research Professionals, 5 <sup>th</sup> Annual European Meeting	Amsterdam
2003	HIV medication adherence (the importance of antiretroviral medication adherence strategies to improve it, using informational, motivational, and behavioral change models)	Full-day course taught to physicians, nurses, and counselors	Developed the training materials for the Africa and South America trainings for the remaining study sites for HPTN 052 and ACTG 5175 (described above)	Three study sites: Chennai, India; Cheng-Mai, Thailand; and Pune, India
2005	Enhancing therapeutic adherence in chronic diseases: Lessons learned from HIV	Invited address	Universidad Nacional Autonoma de Mexico, Mexico City, Department of Psychology	Mexico City
2008	Preparing for international prevention trials involving HIV-infected individuals in care settings	Speaker	Speaker on NIH-funded HIV Prevention Trials Network (HPTN)	International network
2010	Why is research important?	Speaker	Presentation to organization staff	The Humsafar Trust,

				Mumbai, India
2010	Qualitative interviewing	Co-Trainer for HPTN 063 to coordinators and counselors – 3 days	Instituto de Pesquisa Clínica Evandro Chagas Clinical Research Site (IPEC CRS)	Rio De Janeiro, Brazil
2011	CBT for adherence and depression in HIV+ IDU	Invited Speaker	Psychology of Illness, International Conference	Coronado, New Zealand
2012	Addressing psychosocial needs and HIV risk in Indian MSM	Dissemination workshop	National Institute for Research in Tuberculosis	Chennai, India
2013	Self acceptance as a resilience factor to HIV risk in Indian MSM	Invited Speaker	Innovations in Health Psychology, International Conference	Aitutaki, Cook Islands
2015	CBT for ADHD in Adults	Full day course – taught	McGill University, Health Services`	Montreal, Canada
2015	The potential cost-savings of intensive secondary HIV prevention interventions	Invited Speaker	Innovations in Health, Psychology, International Conference	Aituki, Cook Islands
2016	The role of self-efficacy as a mediator of syndemics on condomless sex in high-risk HIV-negative MSM	Invited Speaker	3 <sup>rd</sup> Bi-Annual Gay Men's Behavioral Science Conference: Contemporary issues in Gay Men's Sexual Health Research	Puerto Vallarta, Mexico
2016	Adherence Counseling	Trainer	HPTN063 – Long term injectable PrEP study.	Washington, DC
2017	Estimating HIV transmissions, STI acquisition, and HIV risk behaviour in HIV patients in HIV care across three continents	Speaker	Innovations in Health Psychology, International Conference	Wanaka, New Zealand

2018	The Effects of syndemics on health outcomes and health behaviors in MSM with HIV: Analyses from local Miami and U.S. national data	Invited Speaker	4 <sup>th</sup> Bi- Annual Gay Men's Behavioral Science Conference: Contemporary issues in Gay Men's Sexual Health Research	Puerto Vallarta, Mexico
2019	Addressing syndemics in people living with uncontrolled HIV	Invited Speaker	Innovations in Health Psychology, International Conference	Waheke, New Zealand
2020	Well-Being During the COVID-19 Crisis for Health Care Practitioners	Webinar Presenter	International Antiviral Society – USA (IAS-USA)	Webinar
2020	Finding the Middle Ground: Managing Stress and Anxiety while Providing Clinical Care during the COVID-19 Crisis	Webinar Presenter	HIV/AIDS Network Coordination (HANC)	Webinar
2020	PrEP adherence support intervention approaches used in the NIH HIV/AIDS Networks	Webinar Presenter	HIV/AIDS Network Coordination (HANC)	Webinar
2023	Task shared treatment of depression in the context of HIV in S. Africa	Invited Speaker	Innovations in Health Psychology, International Conference	Clyde, New Zealand
2023	An Introduction to LGBT+ affirmative based CBT	Training	Bespoke Mental Health (A U.K. based company providing mental health clinical training by global experts)	Webinar
2024	LGBT+ affirmative based cognitive behavioral therapy – applying U.S. lessons	Invited speaker	The 1 <sup>st</sup> Asia Pacific LGBTQI+ Health Conference	Chandigarh, India (virtual/pre-recorded)

	learned to Indian context

## **TEACHING**

### **27. Teaching Awards Received:**

2001, 2004	Award for Excellence in Teaching and Mentoring for CBT	Harvard Medical School/Massachusetts General Hospital
2008	Award for Excellence in Teaching and Mentoring for Behavioral Medicine	Harvard Medical School/Massachusetts General Hospital
2008	Distinguished Contribution to Education and Training Award, Division 44 (Society for the Psychological Study of Lesbian, Gay, and Bisexual Issues)	American Psychological Association
2010	A. Clifford Barger Excellence in Mentoring Award	Harvard Medical School, Office for Diversity and Community Partnership
2011, 2013	Award for Excellence in Teaching and Mentoring for Behavioral Medicine	Harvard Medical School/Massachusetts General Hospital

### **28. Teaching Specialization (Note briefly courses taught, new courses developed, innovative or experimental teaching etc.)**

2016, 2018, 2020, 2022 2023 2024	PSY-662	Health Psychology Interventions. Instructor for advanced PhD clinical psychology students includes treatment of mental health/substance use comorbidities to medical illness, and behavioral Medicine interventions for medical problems / prevention. Includes consult/liaison and supervision. University of Miami.
2020, 2022	PSY-656	Evidenced based treatments. Instructor for first year PhD clinical psychology students for treating mental health / substance use disorders. University of Miami.

### **Other Research Supervisory and Training Responsibilities**

2001-2015	Supervision of Behavioral Medicine clinical psychology interns, students/post-doctoral research fellows/residents)	Mentorship: at any given time I have approximately 7-10 junior faculty and fellows at MGH who I mentor. I have approximately 7 who I meet with weekly, and others who I meet with approximately monthly to supervise their research projects/career trajectories	Massachusetts General Hospital, Boston, MA
-----------	--	--	--

### Clinical Supervisory and Training Responsibilities

1999-2008	Clinical and Research Supervisor, Cognitive Behavioral Therapy Program	Massachusetts General Hospital, Department of Psychiatry
2-4 hours per week	Students: Interns and Fellows in Cognitive-Behavioral Therapy Program, Residents, or Psychology Trainees in the Adult Track Psychology Training Program	Coordinator of day to day operations of CBT training program
2000-2002	Clinical Supervisor, Center for Anxiety and Related Disorders (Dr. David Barlow's CBT Program)	Boston University
40 hours a year	Students: Ph.D. students in clinical psychology.	Provide individual supervision for therapy.
2004-2015	Director, CBT (until and Behavioral Medicine Training Tracks, Clinical Psychology Internship	Massachusetts General Hospital, Department of Psychiatry
8 hrs per week	Students: Predoctoral and post-doctoral fellows, junior faculty, senior and mid-level clinical and research faculty hired in my program and/or on my grants.	Provide overall supervision for research and clinical areas to trainees and junior faculty.
2005- 2008	CBT Seminar leader- Residency	Massachusetts General Hospital, Department of Psychiatry

Preparation time: approximately 20 hours first year, 3 hours following years per year. Contact time: approximately 5 hours per year	Students: PGY 3 Residents	Organize CBT supervision training
--	---------------------------	-----------------------------------

2008, 2009	Mock grant review, Junior faculty meeting	Massachusetts General Hospital, Department of Psychiatry
Preparation time: 4 hours Contact Time: 1 hour	Students: Junior faculty	Description: Reviewed proposal, feedback simulating a formal grant review

2010	CBT for ADHD in Adults	Massachusetts General Hospital, Patient and Family Learning Center
Preparation time: 1 hours Contact Time: 1 hour	Students: MGH Employees / Staff	Description: Discussed CBT approaches for treating ADHD following our treatment manual

2010-current	Global HIV/behavioral science research in progress meeting	Weekly meeting of MGH Center for Global Health junior faculty and MGH Behavioral Medicine junior faculty conducting research related to
Preparation time: 0 Contact Time: 1 hour per week Co-lead with Dr. David Bangsberg	Junior faculty and fellows: MGH Behavioral Medicine and CGH	Attendees take turns presenting research ideas, reviewing each other's grant ideas, and papers/presentations

2013	Psychosocial issues for HIV Prevention in MSM In India	Massachusetts General Hospital, Global Psychiatry Fellowship
Preparation time: 2 hours Contact Time: 2 hour	T32 Fellows	Description: Discussed HIV prevention for MSM in India, our ongoing

		work, and the cultural context there
--	--	--------------------------------------

c	Fostering Resilience among MSM In India	Massachusetts General Hospital, Global Psychiatry Dinner Series Talk
Preparation time: 2 hours Contact Time: 2 hour	MGH Psychiatry faculty and trainees, invited guests	Description: Discussed international work in India for MSM / HIV prevention

2015-	Clinical supervisor, H-PAC lab post-docs and PhD students	University of Miami, Department of Psychology
1-2 hours per week	Post-doctoral clinical fellows and PhD students	Clinical research projects related to treating mental health and substance use in the context of HIV prevention and treatment

### **Formal Teaching of Peers**

#### *U.S.-Based Formal Teaching of Peers*

2001	Clinical applications for persons with HIV	Continuing Education Course: Cognitive-behavioral therapy: Integration and Innovation	Harvard Medical School, Department of Continuing Education/Massachusetts General Hospital, Department of Psychiatry	Boston, MA
------	--	---	---	------------

2005	Behavioral Medicine	Continuing Education Course: Psychiatric Care of the Medically Ill: A Review of Psychosomatic Medicine	Harvard Medical School, Department of Continuing Education/Massachusetts General Hospital, Department of Psychiatry	Boston, MA
2006, 2007, 2008	Cognitive behavioral therapy: A primer for the Non-CBT-er	Continuing Education Course: COPE for Psychopharmacology	Massachusetts General Hospital and Harvard Medical School Psychiatry Academy	Boston, MA
2007	Cognitive behavioral therapy and Interpersonal psychotherapy	Continuing Education Course: Psychiatry Board Review	Massachusetts General Hospital and Harvard Medical School Psychiatry Academy	Boston, MA
2007	Evidence-based psychotherapies : indications, outcomes, and common elements	Continuing Education Course	Massachusetts General Hospital and Harvard Medical School Psychiatry Academy	Boston, MA
2007	CBT for anxiety	Continuing Education Course: Cognitive behavioral and psychopharmacotherapy approaches to the treatment of anxiety	Massachusetts General Hospital and Harvard Medical School Psychiatry Academy	Boston, MA

2008	Evidenced-Based Psychotherapeutic Approaches for Anxiety Disorders	Four City Continuing Education Course	MGH Psychiatry Academy	New York, NY and Atlanta, GA
------	--	---------------------------------------	------------------------	------------------------------

2008	Adult ADHD	Web-cast	MGH Psychiatry Academy	Massachusetts General Hospital and Harvard Medical School Psychiatry Academy
2009	Empirically supported cognitive-behavioral approaches to treating depression	Invited Speaker / Workshop Leader—Continuing Education	Centro de Salud Familiar La Fe – Sponsored by U. Texas El Paso	El Paso, Texas – participants from El Paso and from Juarez Mexico – Spanish translated
2011	HIV and depression	Invited speaker	Chesapeake Health Education Program: HIV and mental illness, the basics and beyond	Baltimore, Maryland (University of Maryland Medical)
2014	Ethics of Peer Review	Trainer – RCR course	MGH Psychiatry Department	Boston, MA
2014	CBT for Adult ADHD	Trainer	Fenway Health, Behavioral Health Department	Boston, MA

*International-Based Formal Teaching of Peers*

2002	Secondary HIV prevention and adherence	Continuing Medical Education course instructor	Indian Medical Association and YRG CARE	Chennai, India
2005	Primary and secondary behavioral prevention interventions for HIV/AIDS	Part of half-day CME course: HIV Prevention: Biologic, Behavioral and Clinical Concerns	Harvard Medical International (Dr. Harvey Makadon) and Sri Ramachandra Medical School	Chennai, India
2009	CBT for ADHD in Adults	Speaker – 2 day workshop; Provided training over the course of 2 days to >200 Swedish psychologists on my CBT protocol for Adult ADHD	Speaker/Trainer – CEREB	Stockholm, Sweden
2015	Cognitive behavioral therapy for ADHD in adulthood	Speaker – 1-day workshop. Provided training to 30 psychologists and psychiatrists at McGill University	Speaker/Trainer, McGill University	Montreal, Quebec, Canada.

## 29. Theses and Dissertations Supervised

2005      Soumya Saarma,      Doctoral student at Boston University, Department of  
Ph.D.      Psychology.

2006	Lavina Touchon	Thesis Director, Harvard University Extension School, Master of Liberal Arts Program
2009-2011	Allison J. Applebaum, PhD	Doctoral student at Boston University, Department of Psychology. Dissertation advisor. Recipient of Clara Mayo Dissertation Award under my supervision (\$4,500.00). Currently psychology intern at Cornell in New York.
2011	Brian Buzzella, Ph.D., ABPP	Dissertation committee member, Department of Psychology.
2011-2015	Nancy Patricia Caballero Suarez	Dissertation committee member; Ph.D. Student at Universidad Nacional Autonoma de Mexico
2011-2015	Aimé Edith Martínez Basurto	Dissertation committee member; Ph.D. Student at Universidad Nacional Autonoma de Mexico
2015-2016	Sarah Kennedy	Dissertation committee member, University of Miami, Clinical Psychology (Child)
2016	Stephanie Choi	External dissertation committee member, Institute of Medical Science, University of Toronto
2016-2018	Brooke Rogers	Primary Mentor/Dissertation chair, University of Miami (Health Track). Proposal defended 2016, Dissertation defended in 2018
2016-2018	Brian Richter	Dissertation committee member, University of Miami, Clinical Psychology (Child)
2016-2017	Christopher Albright	Undergraduate Honors Thesis Advisor, University of Miami
2016-2021	Estefany Saez-Flores	Masters Committee Chair (Defended), University of Miami, Child Division  Dissertation Committee, Member
2016	Stephanie Choi	Dissertation committee member, University of Toronto, Institute of Medical Science
2016-2018	Calvin Fitch	Dissertation committee member, University of Miami (Health Track). Proposal defended 2016, data collection in progress

2016	Miguel S. Montoya	Medical Student, Honor's Project
2016-2018	Jamie Mash	Dissertation committee member, University of Miami (Child Track)
2018-2021	Kathryn Nowlan (Adult Track)	Dissertation committee member, University of Miami
2018-2020	Sarah Wigderson (Child Track)	Dissertation committee member, University of Miami
2018-2019 2019-	Jasper Lee	Masters Committee Chair (Defended), Dissertation Committee Chair, University of Miami, Health Division
2018-	Tiffany Glynn	Dissertation Committee Chair (proposal scheduled), University of Miami, Health Division
2018-2020	Satya Satyaranayanand	Masters Committee Chair (defended), University of Miami, Health Division
2018-2020	Jasmyn Sanders	Masters Committee Chair, University of Miami, Health Division
2019	Isabella Marker	Dissertation Reviewer, Monash University, Australia
2019-2020	Molly Ream	Masters Committee Member, University of Miami
2020	Monai Thompson	Undergraduate Honors Thesis, Committee Member/Reader
2020-	Rachelle Reid	Master's Committee Member, University of Miami, Department of Psychology, Health Clinical Track
2020-2022	Noelle Mendez	Master's Committee Chair Department of Psychology, Health Clinical Track
2020-2022	Elliott Weinstein	Master's Committee Chair Department of Psychology, Health Clinical Track
2021	Ervin Simmons	Master's Committee Member Department of Psychology, Health Clinical Track

2021	Daisy Rodriguez	Dissertation Committee Member Department of Psychology, Health Clinical Track
2022-2024	Jasmyn Sanders	Dissertation Committee Member / Co-Chair Department of Psychology, Health Clinical Track
2022-	Elliott Weinstein	Dissertation Committee Chair Department of Psychology, Health Clinical Track
2022-	Molly Ream	Dissertation Committee Chair Department of Psychology, Health Clinical Track
2022-	Ratanpriya Sharma	Dissertation Committee Member Department of Psychology, Health Clinical Track
2022-	Merranda Mclaughlin	Dissertation Committee Member. Department of Psychology, Adult Track
2022-	Noelle Mendez	Dissertation Committee Chair, Department of Psychology, Health Clinical Track
2023-	Rachelle Reid	Dissertation Committee Member. Department of Psychology, Health Clinical Track
2023-	Edda Rodriguez	Dissertation Committee Member, Department of Publish Health Sciences
2022-2023	Norik Kirakosian	Master's Thesis Committee Chair Department of Psychology, Health Clinical Track
2023-2024	Yumei Olivia Chen	Master's Thesis Committee Chair Department of Psychology, Health Clinical Track
2024-	Bharat Bharat	Master's Thesis Committee Chair Department of Psychology, Health Clinical Track

### **Formally Supervised Trainees / Mentees**

2001-2003, 2007-2012	Ellen Hendriksen, Ph.D.	Research assistant at Fenway Community Health, collaborator when in graduate school, intern and post-doctoral fellow at MGH Behavioral Medicine Service. Currently faculty at Boston University
2002- 2015	Matthew Mimiaga, Ph.D.	Student, Harvard School of Public Health, former research coordinator, Fenway Community Health, post-doctoral fellow at MGH, junior faculty at MGH/Harvard, now Full Professor at UCLA.
2002-2012	David Pantalone, Ph.D.	RA, then student at University of Washington, Seattle, then post-doc at Hunter College, now

		Professor and Associate Dean UMASS Boston. Collaborator on NIMH funded NRSA (dissertation) and ongoing collaboration. Mentor on NIH Loan Repayment Program
2003-2005	Michael Berg, Ph.D.	Associate Professor, Wheaton College. Worked on projects related to medical adherence and mental health at Fenway Community Health. Now faculty at Wheaton College, Massachusetts and Head of Social Sciences
2003-2004, 2006-2015	Conall O’Cleireigh, Ph.D.	Predoctoral intern, MGH psychology internship, Postdoctoral Fellow, MGH/HMS- updates, currently Associate Professor and Director of Behavioral Medicine at MGH/HMS. Mentor then supervisor on NIH Loan Repayment Program.
2004-2005	Sudha Raminani	MS student at Tufts University. Preceptor, Tufts Public Health Program Applied Learning Experience (thesis equivalent)
2004-2008	Jeffrey Gonzalez, Ph.D.	Predoctoral intern, MGH psychology internship (CBT track). Obtained supplement to R01 DA DA01860 for postdoctoral training (65% FTE for supplement for Dr. Gonzalez) for July 2005-October 2006, transitioned to staff at MGH / instructor at HMS. Now Full (tenured) Professor at Yeshiva University in NY (Ferkau Graduate Program). Was mentor on NIH Loan Repayment Program.
2004-2014	Jennifer Burbridge, Ph.D.	Postdoctoral intern, MGH psychology 2-year internship (adult track). 2005- faculty, part time, at MGH
2004-2013	Joseph Greer, Ph.D.	Postdoctoral Fellow, Behavioral Medicine Service. 2006-2008, staff psychologist/junior faculty MGH, 2008- 20013. I was mentor on his MGH/Cancer Center Career Development Award (2010-2012), and on his NIH Loan Repayment Program. Currently he is at MGH as Associate Professor at HMS.
2002-2003, 2004-2005	Iftah Yovel, Ph.D.	Predoctoral intern, MGH psychology internship (CBT track, 2002-2003), 2004-5 postdoctoral fellow under my supervision. Current position, Professor, Hebrew University, Jerusalem, Israel

2004-2007	Carol Perlman, Ph.D.	Staff psychologist, my role was mentor on NIH loan repayment program, supervisor on NIMH supported study, Efficacy of CBT for residual ADHD in adult. Currently in private practice.
2005-2007	Nafisseh Soroudi, Ph.D.	Postdoctoral Fellow, Behavioral Medicine Service. Currently doing clinical work in Hawaii.
2005-2007	Kathryn Bottonari, Ph.D	Student at University of Buffalo, Co-mentor on NIH-supported NRSA project, currently staff psychologist in Athens Georgia.
2005- 2015	Ana Maria Vranceanu, Ph.D.	Predoctoral then postdoctoral intern, Behavioral Medicine Service, MGH. Currently staff at MGH, Associate Professor at HMS and Director of the Integrated Brain Health Research Program.
2006-2015	C. Andres Bedoya, Ph.D.	Fellow MGH/Harvard Department of Psychiatry, currently staff at MGH, Assistant Professor at HMS Was mentor on NIH Minority Supplement Grant and HPTN scholar Award. Now Associate Director of Behavioral Medicine at MGH.
2006-2012	Kartik Venkatesh, MD	MD/PHD student at Brown. Advisor on NIMH NRSA award related to my work in Chennai, India.
2007-2012	Amy Farabaugh, Ph.D.	Co-mentor for her NIMH K award as staff psychologist at MGH
